4-3-2015 The Jewish people celebrate Passover as a commemoration of their liberation by God from slavery in Egypt and their freedom as a nation under the leadership of Moses. It commemorates the story of the Exodus as described in the Hebrew Bible especially in the Book of Exodus, in which the Israelites were freed from slavery in Egypt. According to standard biblical chronology, this event would have taken at about 1300 BCE (AM 2450).[5]

4-3-2015 Easter Sunday Pope Francis will, condemns Kenya attack as 'senseless brutality' but NOT LEAK \$777 Trillion in Oil Revenues was the cause. HELL, no one in this 1984 II Society believes in Hell... grin! Pope Francis has condemned an assault by Somali militants on a Kenyan university that killed at least 147 people, calling it an act of "senseless brutality".

4-3-2015 SENSELESS NEWS FROM PARIS... \$777 Trillion in French oil was the "Motives" in the Kosher Market killings... Hostages, families sue French TV over coverage of attack on kosher market. 4-3-2015 SENSELESS NEWS FROM... "The Healing Power of Your Own Medical Records" By STEVE LOHR NY Times. There is evidence that letting patients see their medical files helps them take better care of themselves, but the medical establishment still resists sharing the data. Mr. Lohr should tell this to the 100's of thousands of Mary Kennedy's tortured over the phone by a psychotic husband. Mental Health records on Robert Kennedy Jr would have put the Judge on the side of Mary Kennedy if she had access to them for the court. "The Healing Power of Your Own Medical Records" By STEVE LOHR NY Times Hell STD's, HIV, Hepatitis are spread by 100's of thousands. These are the Medical Records we need to have shared. "Key West Disease" is not just moving to Key West... grin! Mary on our 1st date asked if I had Hepatitis. Monroe county RN ran all Hepatitis test and I passes but from her expressions and tone I would guess Hepatitis is the # 1 disease in Key West but we will never read this on the front page of the Key West Citizen Newspaper. Your Medical Records are Senseless... this is Senseless 1984 II goings on not to make HIV people, STD people, Syphilis people's records public like Mug Shots!

4-3-2015 SENSELESS NEWS FROM... ...syphilis, gonorrhoea and other sexually transmitted diseases through a United States

government program...

4-3-2015 SENSELESS NEWS FROM... "Maryland: Johns Hopkins Sued Over Disease Study" More than 750 plaintiffs sued the Johns Hopkins Hospital System on Wednesday over medical experiments in Guatemala in the 1940s and 1950s during which subjects were infected with venereal diseases. The lawsuit in Baltimore seeks \$1 billion for individuals, spouses and children of people infected with syphilis, gonorrhea and other sexually transmitted diseases through a United States government program. The suit claims Johns Hopkins officials had "substantial influence" over the studies, controlling some advisory panels, and were involved in planning and authorizing experiments. A Hopkins lawyer called the suit, the latest over the studies, baseless. A federal judge in 2012 dismissed a lawsuit against the government over the same study.

Multiple Sclerosis: will be given to 100's of women by Bisexual Men in 2015 and there is no iApp or iPhone 6 + caller I id, because our 1984 II Dictators have Syphilis!

4-3-2015 SENSELESS NEWS FROM... ..Death from 'Complications' of Multiple Sclerosis: Pulmonary Complications. A Society clinical bulletin on Pulmonary

Function and Rehabilitation states that "Just as muscular weakness in the limbs occurs early in the disease and increases as the disease progresses, the same progressive weakening occurs in the ventilatory muscles. Ultimately, respiratory complications are considered the major cause of morbidity and mortality in individuals with advanced MS."

Severe Infections One of the hazards of advanced immobility due to MS can be pressure sores (commonly known as "bedsores"). Pressure sores begin as relatively benign problem, but if left untreated can quickly progress to a more serious concern (including sepsis - basically a full-body infection caused, in the case of pressure sores, by bacteria entering via the open wounds). Many factors can contribute to pressure sores; they include immobility or inactivity, decreased sensation, bowel or bladder incontinence and poor nutrition. Other common infections which can lead to life-threatening consequences include recurrent and severe urinary tract infections (UTIs) and aspiration pneumonia.

Aspiration Pneumonia Dysphagia - or swallowing problems - can cause food or liquid to be deposited into the lungs. The body sees this foreign matter as an intruder and sends its defenses to work. The resulting inflammation and fluid accumulation can lead to pneumonia.

Suicide The reported rates of a person with MS taking their own life (or being assisted in doing so) range from just over 6% to nearly 15%

Funicello, whose first and most persistent symptom was difficulty walking, reportedly decided to go public with her diagnosis some five years later to guard against rumors that she drank too much. Funicello's disease continued to progress, her balance deteriorated, and she eventually moved from using a cane to requiring a wheelchair. In her final years, she required round-the-clock care. I am too young to have watched Funicello as a Mouseketeer or in her teen-oriented beach-blanket movies. My main memory of her is her hilarious and self-effacing performance in the 1988 "Pee-Wee's Playhouse Christmas Special." As part of the fun, Funicello crafted Christmas cards (with Frankie Avalon, no less), demonstrating a stenciling technique requiring a toothbrush and green paint. Then she flashed a big, goofy, green-toothed grin when her host Pee-Wee Herman reminded her (too late, evidently) to wash the toothbrush before she used it to brush her teeth.

4-3-2015 SENSELESS NEWS FROM... April 3rd, 2015 | Yale Cross Campus Friday's XC | 4.3 By The Yale Daily News All in good faith. Thing just happened to work out such that both Passover and Easter fall on the same weekend this year. As a result, many students will be on their best behavior, attending services and wearing nice clothes – imagine if people at Yale were always this pleasant. Not church music. Still, there will be more than a few chances to let loose this weekend. Take the WYBC Ante-Fling party, for example, which will take place tonight at Toad's. Complete with an open bar and performances from Giraffage, Mitski, Silk Rhodes and Allies, the event is sure to be a change of pace, if nothing else. After all, how often do people do Friday Toad's? Making more music. After announcing her plans to visit campus roughly a month ago, Sara Bareilles has arrived. Bareilles' composition master class – held by The Shen Curriculum for Musical Theater and the Yale Drama Coalition – is this evening at 5 p.m. Just don't ask her to write you a love song. Mission accomplished. John Kerry '66 can finally exhale, if for just a moment. Talks between the Secretary of State and Iran's Mohammad Javad Zarif yielded progress toward the United States' ultimate goal of dismantling the nuclear program in Tehran. Remember, Yalies always get the job done. *Sometimes get the job done. Yale politics, meanwhile, are about to kick into overdrive, as campaign season for the Yale College Council has officially kicked off with websites and social media campaigns going live to get things started. You had a good run, Herbert. We're eager to see how your successor holds up. "Neighborhood Party." Poles, coconuts, benches, fire and food. Somehow, Kasama: The Filipino Club at Yale will combine all of the above into a cultural show, according to promotional materials for its "Barrio Fiesta" event tonight. Not quite "Midsummer." Even so, the Korean American Students at Yale and the Korean Graduate Students Association will be collaborating to put on a cultural show of their own: "A Midsummer Night's Madness." Feeling lucky? Not many items merit this much advance warning, but we figure this one's important enough. The last day to convert a course from Credit/D/Fail to a latter grade is Monday. Brace yourself for

a wave of returned grades this weekend, as many grapple with the decision. THIS DAY IN YALE HISTORY
