Cancer NY Times story Today 1st since Beau died is written by a MD at St. Jude and he did not mention Air Pollution from our 1984 II Dictators Poison Gasoline Exhaust Holocaust II and the Jewish 1984 II Observers have never ever commented on Brain Cancer and Holocaust II Poison Gasoline Exhaust. "Both studies can justifiably claim that molecular classification captures the biological features of glioma variants better than" current tissue ratings, wrote Dr. David Ellison, of St. Jude Children's Research Hospital, in Memphis, in an editorial accompanying the two papers. Some gliomas become aggressive, like the cancer that recently killed Beau Biden, a son of Vice President Joseph R. Biden Jr. But doctors have not had a rigorous way of identifying which tumors will become deadlier before they do so. Beau and his VP Dad will get the Medal of Honor from Obama for going to the Iraq War not the War on Cancer. Greg + Wives in Key West will get the Medal of Honor for going to the Brain + Breast Cancer Wars... after our 1984 II Dictators meet their Waterloo Defeat! As we are POW's in Key West Today!
