1-25-2015 Soul-searching; "Pope Francis suggests gay marriage threatens traditional families" By Michele Richinick In a reference critical to gay marriage, Pope Francis on Friday warned against an ideological colonization of the family, during his five-day visit to the Philippines, Asia's most Catholic country. At a rally for families in the country's capital of Manila, the popular pontiff spoke of an "ideological colonization that we have to be careful about that is trying to destroy the family," the pope said through a translator. Many people understood his

remarks as a reference to same-sex marriage. "The family is threatened by growing efforts on the part of some to redefine the very institution of marriage, by relativism, by the culture of the ephemeral, by a lack of openness to life," Francis said at a Mass in Manila. "These realities are increasingly under attack from powerful forces, which threaten to disfigure God's plan for creation."

Consciousness of this At Windows 10 Event, Microsoft Jumps Into Nuclear War Head winds via Reality With Hololens Headset, not the Reality of a Real Nuclear War over Cartoons! Pakistan would have been working on the Electric Windmill Ford Escort Assembly like with Windows touch screens instead of building 100 Model Nuclear Weapons if Bill + Melinda Gates would have LEAKED the suppression of the Electric Windmill Car instead of Harassing me via Microsoft Live.com mail. "Gravity Engine" news from Microsoft would have distracted Pakistan for a few years... of all the 1984 II made up stories the one real invention is not used against the Moslems in Pakistan. Has left her old companions and faded from view
Lonely men with lonely eyes are seeking her in vain
Her streets are where they were, but there's no sign of her
She has left the Seine

The last time I saw Paris, her heart was warm and gay
I heard the laughter of her heart in every street cafe
The last time I saw Paris, her trees were dressed for spring
And lovers walked beneath those trees and birds found songs
to sing

I dodged the same old taxicabs that I had dodged for years
The chorus of their squeaky horns was music to my ears
The last time I saw Paris, her heart was warm and gay
No matter how they change her, I'll remember her that way

I'll think of happy hours, and people who shared them
Old women, selling flowers, in markets at dawn
Children who applauded, Punch and Judy in the park
And those who danced at night and kept our Paris bright
Till the town went dark

Stage 4 Miracle Rx Cure after talking with God. Last Time
Mary Saw Paris. I will have to ask her. Traumatic Stress
about Paris Today and "Winds of War" blowing in on the
Famous City. \$777 in Oil Revenues is the motive + cause of
the French troubles today. GREED! After Hitler visited Paris,
Texas + Saudi Arabia Oil men bought up half the City.
Paris Prostitutes + Wives both were killed by "OJ's" from
Africans Oil Fields, French Government Owned of Course. I
watched a Video of the Women Mayor of Paris and imagined
her guillotined, the notorious killing machine of the French
Revolution, was used to behead thousands, including King
Louis XVI and Marie-Antoinette.
