for long as you live! Ceftriaxone inhibits bacterial cell wall
synthesis by means of binding to the penicillin-binding
proteins (PBPs). Inhibition of PBPs would in turn inhibit the
transpeptidation step in peptidoglycan synthesis which is
required for bacterial cell walls. Like other cephalosporins,
ceftriaxone is bacteriocidal and exhibits time-dependent
killing. [11] (by inhibiting the cell wall synthesis).

2-12-2015 "1 of a 1,001 Nobels" Bob Simon, '60 Minutes' Correspondent, Dies in Manhattan Car Crash. Mr. Simon was a passenger in a livery cab that sideswiped a Mercedes-Benz sedan stopped at a red light on 12th Avenue near West 30th Street about 6:45 p.m., the police said. The cab then careened into the median, crashing into the metal stanchions separating the northbound and southbound traffic lanes. Mr. Simon was taken to Mount Sinai Roosevelt Hospital, where he was pronounced dead. The 44-year-old livery-cab driver was taken to Bellevue Hospital Center with injuries to his legs and arms, the Fire Department said. The driver of the Mercedes-Benz was not injured, according to the police.

The police said on Wednesday night that the accident was under investigation.

The patch clamp technique, for which Erwin Neher and Bert Sakmann won the 1991 Nobel Prize in Physiology or Medicine, has provided a great deal insight into the electrophysiological processes happening on the cellular level by monitoring ion channel activity. Now a team of researchers have combined a patch clamp with what is essentially an atomic force microscope to be able to now study beating cardiac cells. The technology relies on a special force-controlled nanopipette that was modeled on microchanneled cantilevers used in atomic force microscopes.

2-11-2015 "Dominique Strauss-Kahn's Defense: He Didn't Know Prostitutes Were at the Orgies" By DAN BILEFSKY FEB. NY Times who didn't write up any STD's, HIV's, Syphilis, Hepatitis!! Lille, France. Dan at the NY Times... whether he was naïve or Ordered by the NY Times not to write up STD's HIV's, Syphilis, Hepatitis! LILLE, France – There was testimony about lavish sex But Mr. Strauss-Kahn's professed ignorance prompted Judge Lemaire to ask Tuesday, with more than a hint of sardonic doubt, whether he was naïve. Mounia, a prostitute who met Mr. Strauss-Kahn at a sex party in 2010 at the chic Murano hotel in Paris She said she had also been paid 2,000 euros to meet Mr. Strauss-Kahn in Washington. She said she had not realized that Mr. Strauss-Kahn was famous "until I saw him on television with his clothes on." Carlton Hotel in Lille, which, with its faded glamour, palatial suites, marble statues, plastic flowers and ornate furniture in the style of Louis XVI, was a nexus for some of the orgies. Mr. Strauss-Kahn characterized the sex parties as libertinage, or freewheeling sex and pleasure among multiple and consensual partners, an age-old and legal practice in France dating from the 16th century. He said the festive nature of libertinage would have been sullied had he known that the women were being paid for sex. Supporting his case, Fabrice Paszkowski, a businessman accused of being one of the main organizers of the orgies, told the court on Tuesday that he had never told Mr. Strauss-

Kahn that the women had been paid. The case has titillated France, exposing trans-Atlantic orgies from Lille to Paris to Washington, attended by judges, lawyers, journalists and police officials. And in a country where the privacy of public figures has long been considered sacrosanct, some have cringed along with Mr. Strauss-Kahn as details of his sexual predilections.

CVS HIV, STD, Hepatitis given to others out of out of date privacy laws End At CVS same as tobacco we will sell you names of those 1984 II Men who give "Terrible Diseases" to women world wide not just in the USA! CVS Health drew national attention a year ago when it promised to phase out sales of tobacco products from its stores as company leaders declared that tobacco has no place in a health care setting. The company's stores kicked those sales by late September, when the corporate name changed to CVS Health. Matched Wall Street expectations even though the pharmacy chain's decision to quit tobacco sales - matched Wall Street expectations + 300 Americans who are "Sick" of getting a disease that is given to them! The Woonsocket, Rhode Island, company said it earned \$1.32 billion, or \$1.14 per share, in the three months that ended Dec. 31. That compares with earnings of \$1.27 billion, or \$1.05 per

share, in the previous year's quarter. Revenue climbed 13 percent to \$37.06 billion. CVS can earn \$100 Billion stopping the spread of disease just from the "Rich + Famous" who will pay much more than the cost of the \$\$\$ expensive Rx to cure the Disease they were given! CVS can start with Pope Francis and the Cardinals as \$\$\$ profits from who has what STD or HIV, Hepatitis will earn CVS huge profits and save the Masses from getting so sick, of heart. Local Priest must have a high percent of STD, HIV, Hepatitis... so CVS can make a little profit from telling the local congregation what disease the Priest has. And tell the congregation what the rest of the congregation has via Diseases and who they have infected. Yahoo for CVS! CVS can make a PROFIT testifying in court about STD's Hepatitis... "Dominique Strauss-Kahn Says He Didn't Know Prostitutes Were at Sex Parties" By DAN BILEFSKY NY Times The former finance minister of France stands accused with 13 other defendants of pimping and of aiding and abetting the prostitution of seven women.
