It is a stent, basically a small wire cage, on the end of a catheter that is inserted in the groin and threaded through an artery to the brain. When the tip of the catheter reaches the clot, the stent is opened and pushed into the clot. It snags the clot, allowing the doctor to withdraw the catheter and pull out the stent with the clot attached.

A Plan to Limit Cars in Paris Collides With French
 By DAN BILEFSKY DEC 15, 2014

PARIS — When the mayor here detailed plans to ban diesel and other vehicles from the center of Paris by 2020, she framed the measures as a public health imperative in a country that has grown increasingly worried about the quality of its air.

But if passed by the City Council after debate in February, the proposals could also bring about what few other big cities have been able to accomplish: keeping a large portion of vehicles out of parts of the city center.

The measure would be among the most

But it passed by the City Council after debate in February,

the proposals could also bring about what few other big cities have been able to accomplish: keeping a large portion of vehicles out of parts of the city center.
