12-20-14 Bill + Melinda Gates murdered the Dr. Reese Witherspoon and millions of Beautiful Women with prices over their heads, out of reach for Microsoft Software like that would have gotten us to the 3 nearest stars. Bill + Melinda were not thinking of the 3 wise men or 3 stars for Reese Witherspoons generation. They failed star travel because C++

cost \$4K and you can only use it on 1 computer when Reese got a allowance from Dad of \$400 a week... light years from \$4K Bill + Melinda wanted and the cost of Office in Reese Time was only affordable for Chase + Bank of America employees, Excel too! Bill + Melinda Executed Greg, Reese... and millions of other kids for the money.

Fear God is not for anyone at 1984 II HQ. Hillary joined the Joint Chiefs of Staff and voted to refuse Stage 4 BC women a Grave at Arlington. Same for the Vietnam Vet Psychopaths at City Hall Key West who had 53 homeless deaths in Key West in 2014 when all 53 should have been working on the Electric Windmill Ford Escort assembly line 6 days a week 16 hours a day... REALLY!! Pope Francis gave the homeless in Mecca 600 sleeping bags. God is waiting for Pope Francis. You don't have to be a NASA Rocket Scientists to know this!! Pope Francis gave Mecca \$777

Trillion in God's Godsend for Christians at Christmas and to finance Star Travels to 3 bright stars 4 light years from Earth. Mecca will not drive to the 3 Stars the Wise men pointed out. Women will be whipped on Christmas Day in Mecca if they drive a gasoline car. Think what would happen if they start a Christmas Day Dinner Conversation about the Electric Windmill Car...

Madonna CD "Rebel Heart Transplants MD's" transplants girls to MD women... listen to these Madonna lyrics in gregs thoughts... wow!

When freed 1,001 Invention Projects on a CD and my web page

12-20-14 Christmas 1984 II thoughts, I can hear Mary's voice in my brain... As of now, there are only a handful of songs listed on Rebel Heart title of the CD, which are made available for immediate download upon pre-ordering. Those tracks include: "Living For Love" An EDM (electronic dance music) style track that features the ever-present drop in the beat. "Devil Pray" Another track that deals with religious themes—one of the singer's favorites tropes. Of the four songs available for preview (and pre-order), this is the one where producer Diplo's presence is felt the most heavily. No credits are listed as of yet, but those who know his work well (he has previously worked with the likes of M.I.A. and No Doubt) can tell almost immediately that this is his handiwork.

"Ghosttown" What can you expect from Madonna except big songs? This one is sure to be a favorite for some. Surprise! Madonna's New Album Is Available For Pre-Order

"Unapologetic Bitch" For a long time, it has been assumed that this was the name of the new album, but now it appears it is instead the name of a special song, one which sees Madonna looking to reggae for influence, with mixed results. The music is likely thanks to Diplo again, as he is known to be heavily influenced by all things Jamaican. Perhaps the singer has been using the hashtag #UnapologeticBitch so often because this is set to be a single? No way to tell just yet. "Illuminati" Features a spoken section,

something she has definitely done before in her songs. The track relies on auto-tune for most of the sample. "I'm Madonna Bitch" Another album, another Nicki Minaj collaboration. The two previously came together for "Give Me All Your Lovin'", the lead single from her last album, which the two also performed together at the Superbowl with fellow featured artist M.I.A. Madonna has been talking about her new album for some time now, but nobody was quite ready for the music to begin coming out now. If it is indeed a full album that will be delivered on March 10th, it will be Madonna's 13th full length. It follows 2012's MDNA, which debuted at number one and was met with mixed reviews.

"Wild II" Dr. Reese Witherspoon showed her "Breast" a few times to inspire a cure for Stage 4 BC. Mary, Dr. Nancy, "Beautiful" womens lives are a lot different than Gregs. One funny scene at the Camp Ground. Coffee + Donuts served by the Ranger with "Love" just to look and talk to you Reese! God's best invention for Men who "Love" women! "Bridge of the Gods" Frost and light years to go in the cold + snow of humanities psychotic men. Heroin addiction, alcohol addiction, Orgy addictions. Dr. Reese would have cured all of these, least in some of the men who's brain MRI lite up like she was talking with God. Mary talks to God and I'm sure Mary has saved the life of some men who really thought she was. Regrets + Flashbacks in "Wild". "Greg Quit" Reese said twice, yes she reads this web page, thank God for Beautiful Women who God talks to. greg Quit the hike and Reese is still going strong. Pun as she knows I have written every day since I was illegally evicted on 2-2-14. 11 months on Jan. 2,

2015. I have written no matter what the Key West Trail was spitting or laughing at or parading Beautiful women on Duval. One "OJ" clone on Duval spit at me across from La Te Da today. I will certainly get some revenge when the 1984 II Numb Nuts make contact. Reese wanted Revenge for not having Dr. Oxford teach every grade and every class she was in as a young girl + women. Oxford failed us with Clinton + his wife too. As Dr. Hillary + Dr. Bill Clinton would get enough under the table... grin! Tattoo to bond with your "Lover" has to change at warp speed to "Brainstorm" a invention project for young lovers + old lovers too. Greg + Mary. Seeing Bill + Melinda refused when Reese was 20 years younger and got her first Windows computer to pre-load 1,001 invention projects. Reese only had the Tattoo influence to bond with her men. Sick what Bill + Melinda Gates did to generation after generation of school kids + if the teacher complained Bill + Melinda got them fired. wow! 1984 II Society Suppressing the Electric Windmill Car is too much "Stress" on the Rich + Famous. Yes Kennedy + Berkeley were mentioned in "Wild". No 39 Steps + the Silent Jet Engine Berkeley is trying to invent. Gravity is a bitch, when I hiked my 1,001 miles. Yes the black big toe nail is caused hiking down as gravity pushed it hard against the front of the hiking boot. Cotton works and tie the laces tight as hell so your big toe does not hit the front of the hiking boot inside. Yes Reese pulls off the big toe nail, half the audience didn't watch. wow. Well hope I get a Christmas Present from Reese and Mary to Brainstorm a few invention projects with 100's of cameras recording. And with Mary there of course, grin!

In Wild, director Jean-Marc Vallée (Dallas Buyers Club, The Young Victoria), Academy Award winner Reese Witherspoon (Walk the Line) and Academy Award nominated screenwriter Nick Hornby (An Education) bring bestselling author Cheryl Strayed's extraordinary and inspirational adventure to the screen. After years of reckless behavior, a heroin addiction and the destruction of her marriage, Strayed (Witherspoon) makes a rash decision. Haunted by memories of her mother Bobbi (Academy Award nominee Laura Dern) and with absolutely no experience, she sets out to hike more than a thousand miles on the Pacific Crest

Trail all on her own. Wild powerfully reveals her terrors and pleasures—as she forges ahead on a journey that maddens, strengthens and ultimately heals her. Director: Jean-Marc Vallée Cast: Reese Witherspoon
