6-29-14 Local Key West News on this Sunday in Paradise is  
Greg's right rear wheel on my 3 wheel Sun bike broke off. 3  
years ago I bought the bike at Island Bikes. 1 Year in Key  
West I biked around the Island 2 times a day 1.2 hrs each  
time. Then the Roosevelt Construction and had to stop biking  
around the Island. So I have to check the ads and bike  
shops. Will rent one to get my cooler and bags back to my  
car. wow!

6-29-14 Local Key West News on this Sunday in Paradise is I  
read the Front Page of the New York Times and notices the  
price \$6. wow! Is this \$6 worth one invention I would get

reading it...? I read the Key West Citizen in Walgreens for the Mandy Miles Tan Lines article. Mandy goes into a melt down on a women tourists ask her if her Tan Lines was a advice column. No... then Mandy gives advice about not being in the line at McDonalds 4 mins before the breakfast menu changes to lunch menu. And does not name the bank that charges \$8 to cash a check drawn on their bank if you don't have a account. So I didn't buy the paper. Well have to work in Warp Speed Mode today getting a new bike and getting my cooler and bags back to my car. 1 mile from were I broke down. I licked the bike to a sign and the free wheel ha.

6-29-14 Local Key West News on this Sunday in Paradise Starbucks is part of the Crowne Plaza Key West-La Concha and there are no Rest rooms as the door is locked for employees only others have to go out on Duval and walk down to the Crowne Plaza Key West-La Concha Hotel Valet Parking and go in that way. Well yesterday I did this with my Acer Notebook over my shoulder and Starbucks cup in had and the Black Valet parking guy asked if I had a receipt... NO showing him the Starbucks Cup. No, I said I have to go... I'm 66 I will get the receipt tomorrow... ok, he let me go finally just in time!

*6-29-14 Fourth new cutter arrives in Key West. BY ADAM LINHARDT Citizen Staff alinhardt@keysnews.com Dr. Katrina Firlik in her 7 years of Medical School never bought a Windows PC with 1,001 Invention Projects for Dr. Neurology to mix Rx's and links to invent new Rx's as this would have influenced Dr. Katrina Firlik. These 7 Years at Los Alamos were wasted on the 2015 Model Nuke's instead of letting the Neurology Dept crunch Rx in new recipes! Lost his mind I would say, the 1984 II Numb Nuts Dictator we have! These 7 years the Navy spent \$777 Trillion on Orders for New War Toys... not Star Ships to travel to the 52 Nearest Stars! Coast Guard Station Key West is filling up fast. Command staff took ownership last week of the newest 154-foot Fast Response Cutter, the Raymond J. Evans, from representatives from Bollinger Shipyards. "It's always a great feeling to moor up at Sector Key West," said commanding officer Lt. Drew Cavanagh. "It's a great operational platform. We're ready to continue the legacy -- the legacy of Raymond Evans." The new 154-foot Sentinel class ships are replacing the older 110-foot cutters that are being phased out of service. In Key West, that included the Pea Island (now decommissioned),*

Kodiak Island (now in service in North Carolina), Knight Island and Key Biscayne. The latter two remain in service in Key West for the time being. It was decided to replace them after a failed retrofit in 2004 that was plagued with structural problems. The new FRCs can cruise at 28 knots and sport a remotely operated 25mm chain gun, and four .50-caliber machine guns. The cutters' go-fast boats can be deployed via their sterns as opposed to the cranes used now. The 270-foot Thetis and the Mohawk will remain based in Key West, as will the 87-foot Sawfish, but the 110-footers will eventually be decommissioned or sent to another port. All the new FRCs are named after noted Coast Guard crew members who served heroically. Key West is already home to the Charles David Jr., the Charles Sexton and the Kathleen Moore, all of which arrived this year. Key West will see two more FRCs arrive in the coming months -- the William Trump and the Issac Mayo.

Station Miami and station Puerto Rico will also receive six of the FRCs. Raymond J. Evans is a legend in the Coast Guard. The branch awards a medal annually to an outstanding coxswain in honor of Evans' service. Evans and a friend, Medal of Honor recipient Douglas Munro, enlisted in 1939, the same year Britain and France went to war against Germany. Munro and Evans gained acclaim for leading a rescue of a Marine unit that was trapped behind enemy lines in the battle for Guadalcanal. Munro died and Evans was awarded the Navy Cross. He would go on to retire as a commander in 1962. He died on May 30, 2013. Greg's Note the Electric Windmill Ford Escort was invented on Oct. 30 1980!
