7-19-14 Toyota's 2015 Sienna minivan has now a feature called 'driver easy speak' that can amplify a parent's voice in the back seats. It uses a built-in microphone to intensify a parent's voice through speakers for the passenger sitting at the back, so they don't have to shout to them. However, kids can't talk back, at least not with amplified voices. The feature is an option on the 2015 Sienna, which is being refreshed with a totally new interior. It also has an optional "pull-down conversation mirror" that lets drivers check on kids without turning around.

7-19-14 Local Key West News... Ford Dealership is not Casa Antigua's owner Tom Oosterhoudt. I watched Tom walk along the balcony with the poor and tropical forest all around us. I thought he was going to lose his balance and fall into the pool 30 feet below. Well Greg + Tom made it in to the Book Reading. Lorian Hemingway Short Story Competition and Lorian didn't show up. She has a daughter too that was a no show. I observed them both in 2011 my 1st year here or 2012 I will look it up on my computer. Well Tom was the Back Surgery Competition... I asked him if he went to a Medical School, he told me were he went and it was not Yale. I then suggested Yale and told him I was going to build the Yale Key West Medical School here. He heard it OK, grin! I hope Tom makes it to Yale as were eating pizza around the pool over hearing to Tom talking about getting the screws taken out of his spine coming up... I guess many were Mad as Hell about Lorian Hemingway and her daughter not showing up... I hope its not a cocaine or heroin sick day! I read both books she wrote and one was a autobiography she tells all... wow!

KEY WEST, Florida Keys – A rich roster of literary events awaits readers and writers during Hemingway Days 2014, set for Tuesday through Sunday, July 15-20. The festival celebrates the literary accomplishments and exuberant Key West lifestyle of legendary writer Ernest Hemingway, who lived on the island throughout the 1930s.

Attractions include author readings and presentations, a look at Hemingway's little-known poetry and the announcement of the winners of the Lorian Hemingway Short Story Competition.

Lorian Hemingway, critically acclaimed author of "Walking Into the River," "Walk on Water" and "A World Turned Over," is a granddaughter of Ernest Hemingway. She has directed the competition for emerging writers since its 1981 inception.

The winners of the internationally recognized short story contest are to be announced at 8 p.m. Friday, July 18, at Casa Antigua, 314 Simonton St. Famed as Ernest Hemingway's first Key West residence, the property is now a showplace with a central atrium garden.

The free-admission awards reception includes a reading of the winning story, a presentation on Casa Antigua's history by owner Tom Oosterhoudt and tours of the architecturally unique property.

GE reported \$36.2 billion in second quarter revenue, up 3% from the prior-year period and falling roughly in line with what Wall Street analysts had expected. Net income came in at \$3.5 billion, up 13% from the same time in 2013 and resulting in earnings of 35 cents per share on a GAAP basis. Excluding special items — like the effect of discontinued operations — GE reported an earnings-per-share figure of 39 cents, a result that falls in line with the analyst consensus.

“GE had a good performance in the quarter and in the first half of 2014, with double-digit industrial segment profit growth, 30 basis points of margin expansion, and nearly \$6 billion returned to shareholders,” Jeffrey Immelt, GE chairman and CEO, said in a statement Friday morning. “The environment continues to be generally positive.”

Consistent with prior quarters, GE's industrial segment - which includes the revenue from business units like GE's oil and gas, power and water, and aviation units — was a particular bright spot. The segment's revenue increased 7% to \$26.9 billion, with profit increasing 9% to \$4.2 billion, and the oil, power and aviation businesses all reported double-digit revenue growth. Oil and gas revenue increased 20% to \$4.7 billion, power and water revenue increased 10% to \$6.3 billion and aviation revenue increased 15% to \$6.1 billion.

These gains were slightly offset by an 18% decline in transportation revenue.
