8-24-14 Cyclops in "Another Day in the Frontal Lobe" by Dr. Katrina Firlík she tells the reader the disturbing story and the mother is an "Exotic Dancer," but Dr. Katrina does not go into the "lifestyle" of an "Erotic Dancer" we the reader must think she used a lot of drugs + alcohol while pregnant. 1 in 16,000 seems a lot, I found this on the web.

8-24-14 iApp for Medical Students and the Public would be better than... Cyclopia in National Geographic Movie "Cyclopia" would have to get a lot more high tech DNA cell division and the atom or molecule of the teratogenic alkaloid toxin that can cause Cyclopia is cycloamine or 2-deoxyjervine.

8-24-14 Cyclopia (also cyclocephaly or synophthalmia) is a rare form of holoprosencephaly and is a congenital disorder (birth defect) characterized by the failure of the embryonic prosencephalon to properly divide the orbits of the eye into two cavities

8-24-14 Genetic problems or toxins can cause problems in the embryonic forebrain-dividing process. [5] One highly teratogenic alkaloid toxin that can cause cyclopia is

cyclopamine or 2-deoxyjervine, found in the plant *Veratrum californicum* (also known as corn lily or false hellebore). The mistake of ingesting *Veratrum californicum* while pregnant is often because hellebore, a plant with which it is easily confused, is recommended as a natural treatment for vomiting, cramps, and poor circulation, three conditions that are quite common in pregnant women. [6] Cyclopia can occur in the womb when certain proteins are inappropriately expressed [7] and causes the brain to stay whole instead of forming into two distinct hemispheres, which also means one optic lobe and one olfactory lobe resulting in one eye

8-23-14 iApp... *"Another Day in the Frontal Lobe" by Dr. Katrina Firlík "I felt privileged to have such insight into the extremes of human behavior... this story became my definition of human desperation!" Swallowed a pen again and again just to leave his cell and visit the people at the Hospital. At the Same Time the Pentagon voted to give Saudia Arabia + Mecca \$777 Trillion and give MD's in the USA \$1 Trillion in kickbacks via Medicare! He would have been on the Ford assembly line 16 hours a day building the 1 Trillionth Electric Windmill Ford Escort not in a Cell. Lobotomy Gas as Frontal Lobe Lobotomy on the Pentagon top brass even on a assembly line would take forever. Infinity of space + 777 Galaxies are never brought up at the Pentagon. Human Desperation... we are Alone in the Universe as our Highest Tech Fighter Jets are for War not Star Wars! Laser guided sidewalks and traffic are a waste of money!*
