9-7-14 "Compartmentalization" of 1,000 Nobel's in Medicine  
every year... 12 a year for Greg + 4 MD Wives!

9-7-14 President Obama on Sunday doubled down on his  
pledge to combat ISIS, telling Americans that he would  
outline his strategy to take on the bloodthirsty jihadist group  
in a nationally televised speech Wednesday.

9-7-14 Greg + 4 MD Wives will double down work 48/7 instead  
of 24/7 and all National Labs Berkeley, Los Alamos, Sandia  
will all be Bloodthirsty as the Breast Cancer Cell. Breast  
Cancer Cells taste of Blood might combat it enough to slow it  
to a little compartment in her breast.

9-7-14 "Compartmentalization" is the limiting of access to  
information... "The Technology That's Ruining Baseball" is  
Obama and it has "Killed" 40K SWF who died while MD "OJ"  
was watching a Basketball game as he had to Obama  
wanted a huge turnout for Basketball, while Breast Cancer  
women waited for MD "OJ" died waiting. This is a War Crime  
+ crime by our 1984 II Numb Nuts Dictators!

9-7-14 Intel limiting access to Xeon 12 Core CPU's, no one  
can use a Intel Xeon at any Public library in the USA, it was  
planned this way by IBM and Intel to limit what is possible,  
which is 1,000 Nobel's in Medicine every year...

9-7-14 "Compartmentalization" is the limiting of access to

information to persons or other entities who need to know it in order to perform certain tasks.

9-7-14 The concept of "Compartmentalization" originated in the handling of classified information in military and intelligence applications.

9-7-14 The basis for compartmentalization was the idea that, if fewer people know the details of a mission or task, the risk or likelihood that such information could be compromised or fall into the hands of the opposition is decreased. Hence, varying levels of clearance within organizations exist. Yet, even if someone has the highest clearance, certain "compartmentalized" information, identified by codewords referring to particular types of secret information, may still be restricted to certain operators, even with a lower overall security clearance. Information marked this way is said to be codeword-classified.

9-7-14 "Compartmentalization" is the limiting of access to information Heart-to-Heart Transplants Cheney cut to the front of the line when 1 Nobel in Medicine he helped to suppress would have made this unnecessary!

9-7-14 "Compartmentalization" is the limiting of access to information like the MD's "OJ" ones killed someone last week and the NY Times knows this but is part of the ruling class they have "Compartmentalization" "OJ" MD mistakes that let to the patients death or worst.

9-7-14 ¡App for sure here! Compartmentalization is an unconscious psychological defense mechanism used to avoid cognitive dissonance, or the mental discomfort and anxiety caused by a person's having conflicting values, cognitions, emotions, beliefs, etc. within themselves.

9-7-14 "Compartmentalization" is the limiting of access to information... MD's + Cuba "Compartmentalization" Long before the word "embargo" dropped a political barrier between the two islands, Key West's history and blood lines have been intertwined with the nation of Cuba. For some 150 years.

9-7-14 "Compartmentalization" "Bloodlines" Cuba + Key West, Yale Key West Medical School will bring Elite MD Professors to Cubans who smoke + drink. This "Compartmentalization" as Castro has never read Elite MD Professors articles in the New England Journal of Medicine. Castro might have read Harvard Law... as its #1 in the World, grin! No one is going to stop smoking or drinking just because Yale Key West Medical School moves in next door! SWF's who pick "OJ" will be sucker punched and murdered. Women who wrote the book "How to Spot a Dangerous Man" quit the 1 Trillion Battered Womens Shelters as all the women smoked Cuban Cigars and drank and would pick the same type of "OJ" every decade this is why there will be 2 Trillion Battered Womens Shelters in every city and town in the USA!
