Tim Cook + Greg in Key West didn't meet in secret with Pope Francis, only Kim Davis did. Is Pope Francis ready to pressure our 1984 II dictators to make public Legal Polygamous Marriage on the front page of the NY Times?

10-1-2015 Nightly News From Key West with Greg + Wives... 4 MD Wives Coup D'Etat Obama ordered the assignation of Pope Francis if he meet in Public with Kim Davis... Pope Francis arrived last week at the Vatican Embassy in Washington, where he met privately with Kim Davis and her husband. Pope Francis' meeting with Kim Davis cheered conservatives troubled by his words on poverty, the environment and immigration, and dismayed liberals who said it negated much of the good will he had built up on his trip. After a busy morning addressing a joint meeting of Congress and mingling with the homeless at an outdoor lunch, Pope Francis decamped to the heavily barricaded Vatican Embassy in Washington last Thursday for what Vatican officials billed as a brief afternoon siesta before his

flight to New York, the second leg of his American trip. But the 78-year-old pope did more than nap that afternoon. He made time for a private meeting in the embassy with Kim Davis, the Kentucky county clerk who has been claimed as a hero by religious conservatives for choosing to go to jail rather than issue marriage licenses to same-sex couples. Francis gave Ms. Davis and her husband, Joe, two rosaries, embraced her and told her to "stay strong" Pope Francis fears our 1984 II Dictators more than he has a fear of God. Sorry, the 1984 II women always say to me!!

Because there is no Conscientious Objectors" in the USA. Vietnam Vets tracked down and murdered all Conscientious Objectors from the Vietnam Era with \$777 Trillion in gas station hold up money to get the job done, grin! Really this is true! Banana Public Dictators are not the only ones who murdered 100's of thousands of their citizens over the politics of war.
