10-14-2015 Elite at Yale "Orders Virus" going around Yale in

MS. Grade This!

*God's best invention is "Women" + Women's Inspiration!*

*10-14-2015 Nightly News From Key West with Greg + Wives... 4 MD Wives Coup D'Etat Review: Yale ITS computer center sent a campus-wide notice yesterday evening alerting the student body of computer virus circulating via email. According to ITS's warning, the virus disguises itself as an email with "the seminar" or "Order" in the subject line. Scary stuff – consider yourself warned. Yale Medical School needs to sent to the New York Times MS Virus given to Yale Women by Tim Cook + Elton John. This is a more scary virus than any a Yale woman could get from email. Yet it will not get sent to the New York Times until after the 4 MD Wives Coup D'Etat. F grade from Yale here for this today!*

*10-14-2015 Nightly News From Key West with Greg + Wives... The Most Interesting Moments From the Debate By THE NEW YORK TIMES - "An exchange between Mrs. Clinton and Mr. Sanders over her use of a private email server was one of the debate's highlights". Women with MS would not vote for Hillary's email as the best highlight from debate when "Mad Men" give women the MS virus that will torture them for years*

*with the New MS Rx Drugs then kill them in broad daylight in Times Square in 1984 II public view with no one stopping to help keep them from getting infected, no debate. No Hillary in the debate on giving women the MS virus in a 1984 II society.*

*10-14-2015 Elite at Yale, this is just how Elite Yale is... The Yale Film Society will host a pre-screening of "Steve Jobs" Tonight – the biopic in which Michael Fassbender plays the former Apple CEO – at 7 p.m. at the Whitney Humanities Center. The screening is free and open to all students.*

*10-14-2015 Elite at Yale, this is just how Elite Yale could be, Yale could listen in on all Elm City cell calls with "Elite Software from the FBI Yale Alumni and get Kerry to given them some "Spy Software" to listen in to cell calls, not to "Terrorists" but Yale Murderers ready to shoot a 20 year old. Yale's Elm City saw its 14th homicide of the year. According to a New Haven Police Department press notice, officers were dispatched to 210 Davenport Ave. after reports of gunfire. The victim, an adult male believed to be in his late teens or early 20s, is also the second homicide victim this week. And last Thursday, 29-year-old Antoine Heath was shot on Chapel Street, west of the Ella T. Grasso Boulevard. Despite these two recent shootings, this year's current homicide rate is a far cry from the 34 homicides seen in the Elm City in 2011.*

MD Wives Coup D'Etat Review: "Fighting New Diseases by Giving Them Blander Labels" By ABIGAIL ZUGER, M.D. The World Health Organization issued strict guidelines for

naming infections. For example, names of groups (Legionnaire's) and places (Ebola) are out. At one extreme, we have the targeted venom unleashed on the innocent as syphilis exploded across 16th-century Europe. The Italians called it "the French sickness"; the French called it "the Neapolitan sickness"; the Poles called it "the German sickness"; the Russians called it "the Polish sickness"; and a few decades later, the Japanese knew it as "the Portuguese sickness" and the "Chinese ulcer" – a stunningly precise epidemiologic record written in pure dislike. More recently, medical schools have also begun to reward cash infusions with a grateful change of name. A few of these donors will inevitably turn out to be somewhat less virtuous than they were magnanimous, but so far no one has suggested unnamings an institution to preserve our profession's moral integrity. W.H.O.'s suggestion, we might consider the method of Lance Armstrong – stricken with testicular cancer, he named his disease "the bastard." Unfortunately, we are likely to run out of obscenities long before we run out of diseases. I think Dr. Abigail is calling our non MD 1984 II Dictators "The Bastard's" could Dr. Abigail be "Ripe" for... 4 MD Wives Coup D'Etat. Rx Overnight Cure for Stage 4 by Christmas 2015. MD Wives Coup D'Etat Review: 777 Boeing... Russian-made Buk missile, the Dutch Safety Board says. The missile hit the front left of the plane causing other parts break off, it said in a final report into the July 2014 disaster, which killed 298 people. The West and Ukraine say Russian-backed rebels brought down the Boeing 777. But Russia claims a missile was fired from Ukrainian-controlled territory. The report

does not apportion blame but says airspace should have been closed. Investigators could not determine at which point the occupants died, the report says, adding that it was not able to rule out possibility of some remaining conscious for some time during the one-and-a-half minutes it took for the plane to crash.
