10-15-2015 Nightly News From Key West with Greg + Wives... 4 MD Wives Coup D'Etat Review: Hillary Clinton's Big "Climate Change" Accomplishment Was Actually a Huge Failure - not really as our 1984 II Dictators want New York Times headlines a few times a week on "Climate Change" and a couple days a week Headlines on Hillary "emails" so the "Spray Painted Clouds of Burning Oil from a Trillion Scooters on Duval Key West" are never Headlines in the New York Times. Why the Top Brass MD's at Saint Jude can't get on the front page of the NY Times about Childhood cancers and birth defects are "Man-Made" change in millions of kids DNA that is dividing 1 billion times a day each day they are tourists in Key West. "Man Made" climate change is the top brass letting gasoline's \$777 Trillion rule their "Man Made" high tech gadgets like \$\$\$ Trillions for Missiles the last couple years and of course the \$10 Trillion for the JFK, no not the JFK Super Hubble Space Telescope Train! So "Man-Made" climate Change is \$\$\$ 777 Trillion from gas station hold ups, sucker punching women and giving them syphilis. Women would say Syphilis is "Man-Made" so let Hillary bring this up in the next Debate with all the men and find out if each man in the debate gave a disease to a women, you know they most likely did. iPhone 7 +++ caller ID will have these men's health history on Hillary's caller id if the new 1984 III Dictators are MD Women.

MD Wives Coup D'Etat Review: It was kind of unbelievable that it was real data," said Yale University astronomer Tabetha Boyajian. "We were scratching our heads. For any idea that came up there was always something that would argue against it." She was talking to the New Scientist about

KIC 8462852, a distant star with a very unusual flickering habit. Boyajian, Wright and Andrew Siemion, the director of the Search for Extraterrestrial Intelligence Research Center at the University of California, Berkeley, are now working on getting access to the massive radio dishes they can point at the star in search of the kinds of radio waves usually emitted by technology.

MD Wives Coup D'Etat Review: Since its air campaign started
on Sept. 30, Russia has quickly ramped up its air strikes from
a handful each day to nearly 90 on some days, using more
than a half-dozen types of guided and unguided munitions,
including fragmentary bombs and bunker busters for
hardened targets, American analysts said. Russia is not only
bringing some of its most advanced hardware to the fight, it
has also deployed large field kitchens and even dancers and
singers to entertain the troops – all signs that Moscow is
settling in for the long haul, American analysts said. “They
brought the whole package,” said Jeffrey White, a former
Middle East analyst with the Defense Intelligence Agency
now at the Washington Institute for Near East Policy. “It
showed me they could deploy a decent-sized expeditionary
force.”

MD Wives Coup D'Etat Review: Yale ITS computer center sent a campus-wide notice yesterday evening alerting the student body of computer virus circulating via email. According to ITS's warning, the virus disguises itself as an email with "the seminar" or "Order" in the subject line. Scary stuff – consider yourself warned. Yale Medical School needs to sent to the New York Times MS Virus given to Yale Women by Tim Cook + Elton John. This is a more scary virus than any a Yale woman could get from email. Yet it will not get sent to the New York Times until after the 4 MD Wives Coup D'Etat. F grade from Yale here for this today!
