*10-24-2015 Nightly News From Key West with Greg + Wives... Steve Jobs Movie last night at Regal Cinema was 30 minutes late starting... Jobs's perfect final line to his daughter reminds us of why we spent two hours here. In the movie, Lisa plays her father two different versions of Joni Mitchell singing "Both Sides Now", recorded years apart in 1969 and 2000. While he doesn't mention where Jobs first heard the songs, Isaacson noted that Jobs had the songs on his iPad in 2011 and reflected on how the different performances show the way people age.*

replace his daughter's Walkman? Steve Wozniak and Steve in  
the garage dialog could have been turned into a computer  
hardware tutor but was cut short. Chrisann Brennan Lisa's  
mother sex with Jobs would have spiced up the movie. She was  
Apple co-founder Steve Jobs' high school girlfriend, an early

The pilots of a Black Hawk helicopter that crashed in March, killing all 11 service members aboard, had disobeyed direct orders by flying into worsening weather, according to an investigation. The military said in June that the crash occurred when the pilots became disoriented at night off the Florida coast. The training took place as fog rolled in from the Gulf of Mexico. The full report, obtained by The Associated Press through a public records request, said that the pilots had not been authorized to fly in such bad weather and that others had failed to challenge the overconfidence of the lead pilot. The report was the product of a joint investigation by the Louisiana National Guard and United States Special Operations Command. The training involved two Black Hawks from the Louisiana National Guard taking teams of Marine Special Operations members over water so they could rappel into the sea. Both crews "disobeyed a direct order," the report said.

*Well, the deputy walks on hard nails and the preacher rides a mount But nothing really matters much, it's doom alone that counts And the one eyed undertaker, he blows a futile horn "Come in," she said, "I'll give you shelter from the storm"*

*I've heard newborn babies wailin' like a mournin' dove And old men with broken teeth stranded without love Do I understand your question, man, is it hopeless and forlorn? "Come in," she said, "I'll give you shelter from the storm"*

*In a little hilltop village, they gambled for my clothes I bargained for salvation an' they gave me a lethal dose I offered up my innocence and got repaid with scorn "Come in," she said, "I'll give you shelter from the storm"*

*Well, I'm livin' in a foreign country but I'm bound to cross the line Beauty walks a razor's edge, someday I'll make it mine If I could only turn back the clock to when God and her were born "Come in," she said, "I'll give you shelter from the storm"*

*MD Wives Coup D'Etat Review: He killed his ex-girlfriend in the driveway of her Midland Park, N.J, home then threw himself in front of a subway train in Manhattan on Thursday, the police said. The man, Arthur Lomando, 44, was taken to Harlem Hospital Center and was in surgery to amputate his legs late Thursday night. Mr. Lomando threw himself in front of the A train at the 168th Street station in Washington Heights around 4:30 p.m., the police and the Bergen County prosecutor said. He was conscious when the police and emergency medical workers arrived at the station, they said, but had sustained "severe leg trauma." The Bergen County prosecutor, John L. Molinelli, said on Twitter that Mr. Lomando had a severe head injury as well. Mr. Molinelli said that Mr. Lomando was a suspect in the murder of his ex-girlfriend, Suzanne Bardzell, 48, who was found dead earlier in the day in the driver's seat of her car. The authorities said that Ms. Bardzell was killed with a large knife similar to a machete and died at the scene. "The murder weapon was left inside the vehicle," Mr. Molinelli said at a news conference on Thursday night. "While there is evidence of a history of domestic violence between Ms. Bardzell and the assailant," he added, "it appears that she did not notify police and come in and file complaints with the Police Department until just recently," on Oct. 5... Today is Oct. 23. iPhone 6s+++ caller ID and recorded calls were never in an iapps sent to the Police on Oct. 6 to save her life. 19K SWF killed in 2015 and Tim Cook refused to add an iapps to iPhone 6s... this is a hate crime against women by Tim Cook.*
