11-22-2015 Moscow... "Power Lines to Crimea Are Blown Up, Cutting Off Electricity" 1 Trillion iPod size liquid H @ -254 C would generate all electricity in Moscow, world wide. New in the NY Times this Sunday also had a story about Moscow + Putin attacking oil fields... a day and a dollar to late for many dead. Hydrogen was liquefied by James Dewar in 1898 by using regenerative cooling and his invention, the

vacuum flask. The first synthesis of the stable isomer form of liquid hydrogen, parahydrogen, was achieved by Paul Harteck and Karl Friedrich Bonhoeffer in 1929. 2015 and Putin is using "Power Lines" to Crimea. wow!! Out-of-date Power!

home on his own. Karma was her ending of the story. Karma of 10 cent gas, Dead from BP Oil from 1980 to 2015 is terrorism from British Oil Men, Texas too. Karma Mandy I don't know. I do know Godsend of the invention of the 1980 Electric Windmill Ford Escort was "a real Godsend" Miracle the Pope would say! Triangulum II the Galaxy above had Karma... Out-Of-Date Power Lines in Moscow below and Out-Of-Date Galaxy News that is void of their Aliens and goings on like Triangulum II. Karma of West Point Wives + Generals both have Karma too Mandy. Now with Pakistan with 120 H-Bombs and 72 Virgins in Heaven I expect H-Bombs to go off in view of the Eiffel Tower over gay Allah cartoons before Obama welcomes Assad to the White House. Jimmy Carter killed more people than Obama though! Facebook comments and help finding Buddy the Cat, not 72 virgins in Heaven for killing "gay cartoons". Grin. Everyone on Facebook knows the Moslem Generals in Pakistan built 120 H-Bombs in 2015 to use them for insulting Allah! No one is allowed to write comments, only on lost cats in Key West Mandy! Butter Cup in MockingJay Part 2 is saw again yesterday as Key West had rain all day about 7 inches so saw 007 Bond Spectre at 1 pm with closed caption glasses at Regal Cinema and then watched MockingJay Part 2 at 4 pm. Nice as it rained all day and the closed caption glasses text was in green, nice. Made my day and both movies as I missed a lot of dialog not using the closed caption glasses the first time. Butter in your Aorta is harder to view if not written into MockingJay it will be in Part 3, grin. In Key West the Plumeria pudica flower blooms all year, nice. Dates + Thyme in Key West? 2 hours 15 minutes should have been 3 hours. Miss Jennifer Lawrence was the winner over President Snow "1984". In the Movies and in real life if Greg + Wives in Key West can write a winner like the movie part 3 is. Killing of their own kids + women via bombs and poison gas exhaust and putting the blame on someone else... Our 1984 II Dictators!!

"The Hunger Games: Mockingjay - Part 2," Jennifer Lawrence does what she must. For four films now, she has played Katniss Everdeen as a reluctant hero and flummoxed lover, caught in a violent revolutionary war and willowy love triangle. Katniss has grown into her role as a savior, an evolution that parallels that of Ms. Lawrence, who entered the series as a Sundance starlet and leaves it as one of the biggest stars in the world. Katniss picking a fight with her dead sisters cat and the cat wins! They both win then. 1984 II Hunger Games!! "The Hunger Games" has triumphed partly because it means so many different things to so many people. It's a story of war and peace, love and bullets, pegged to a girl-woman who fights for her family, her friends and the future. 1984 II. It's aspirational and inspirational, personal and communal, familiar and strange, and it speaks to the past as well as the present, 1984 II Hunger Games for Star Travel inventions to win the Star Wars by inventing a "weapon" that goes 777 times faster than the speed of light! Our West Point Yale Harvard totalitarian "OIL" government that rules Panem our 1984 II Society with

*Syphilis, HIV, STD's not in the Hunger Games Movies!!
"Catching Fire," Fiery Cop Cars - President Snow kills his own troops, MP's burning them to death and 100's of surgeries in the Burn Units. Real Life and in the Movies in this Part 2 was so Orwellian I don't know how it got past the censors. Julian Moore killed 100's of Women + Children and would have put the blame on President Snow if there were not Hidden CCTV cameras everywhere that caught her giving the orders.*

Covert CIA bombings blamed on others is so close to real life... wow! Sony Movies Made for the Pentagon. Oil Bomb and Wave in the Part 2 movie is the BP Oil Spill in the Ocean that is a tidal wave splashing up against the Wall Street Banks!! Conversion Therapy for the fags... Tracker Jack Venom and hate crimes against women. Lobotomy Gas invented by Oppenheimer II + III Today. Polygamy of the Moslems rejected by Yale Harvard Alumni. Elite love their prostitute women, as its so easy. No Whores in Part 2. Saudis

didn't interfere with this movie to promote Whores for the rich, grin. Wives are hard to seduce, grin. President Snow has iPod's at every intersection. Who needs a GPS tracker? White House and White Roses by the Trillions. Yes the Saudis have had USA companies build them a \$1 Trillion dollar Palace not a Yale Paris Medical School. Hospital in Part 2 is the same field Hospital not a futuristic one. No Rx to keep them awake all night brainstorming inventions. Katniss flash backs and flash forwards are limited when the movie could have been 3 hours to shock the movie review writers. Part 3 Greg + Wives in Key West could write and direct with Katniss as the #1 Wife, grin. Scene of her giving birth will be number one with old and young viewers. Cat has kittens too. I forgot the Cat's name but Katniss will have a Rx for memory and will give the viewers the recipe. Regal Part 3 "Mach 33 Jay's Fly Faster than the Speed of Light" Part 3. coming soon! Butter Cup is the Cat's name... in real life Butter in your Aorta is harder to view if you are Brainwashed by Snow, ha.
