French Mayor caves into pressure: Orders Statue to French Liberty taken down because Breasts are too large

La Belle Équipe, 2015 ElectricWind
Escort for Christmas 2015

The mayor of a small town in northern France () having a statue of Marianne, symbol of the French Republic, removed because her breasts are too large.

People were complaining, "It was making people uncomfortable" according to one town employee (via London Telegraph).

The most famous depiction of Marianne, here in the United States, is that of Eugène Delacroix in his painting "Liberty Leading the People" (Liberty leading the people). At the time this painting was rendered, she was the embodiment of Liberty, as well as the civic virtues of a republican government. Her martial array and strong womanhood

encouraged all to be courageous in the face of tyranny.
