Mulls First Income Tax in 35 Years" By KIRK JOHNSON
Atrocities by Jimmy Carter the Sunday School Teacher, he
Mulls the DNA Poison Gas Birth Defects + Cancers today. None
of the Kids lived to 91 like Jimmy Carter because they
breathed in poison gas exhaust as Alaska Oil was the only
God Jimmy Carter obeyed for the last 35 years. Wrapping
one's head around such "numbers can be difficult, 35 years

of birth defects and cancers from Alaska Oil. Wrapping one's head around such "numbers" can be difficult, if you are from Caroline, North or South. \$777 Trillion dollars in the last 35 years from Alaska Oil. Incorrect assumptions are we making because we only have one point-of-view to call our own, our 1984 II Dictators greed for \$777 Trillion in Alaska Oil outweighed 777 Trillion Galaxies in our Universe... without feeling gluttonous on Oil \$\$\$.

12-26-2015 Mary, Eve, Trillions of Dollars + Trillions of Galaxies to think about God... None of the "van Gogh's" Kids lived to 91 like Jimmy Carter because they breathed in poison gas exhaust as Alaska Oil. Traveling to many of the landmarks and cities important to van Gogh's artistic life, including Montmartre in Paris, the Borinage in Belgium and Auvers-sur-Oise, where he died at 37. Millions of American kids died at 37 from poison gas exhaust in Jimmy Carter's 91 years. How will the New York Times Travel Editors write up traveling to many of their lives?

UY Scuti, it has the largest overall size of any star currently known, with a radius of $1,708 \pm 192 R_{\odot}$. That figure amounts to somewhere between 1,054,378,000 and 1,321,450,000 miles in size, which is about 1,700 times larger than our Sun's radius and 21 billion times the volume. Wrapping one's head around such number can be difficult, our 1984 II Dictators greed for \$777 Trillion in Alaska Oil outweighed the Largest Sun UY Scuti, its radius and 21 billion times the volume our Sun. Sunset in Key West will post these stats on Scuti for the tourists when our 1984 II Dictators run out of oil stats... grin.

12-26-2015 Mary, Eve, Trillions of Dollars + Trillions of Galaxies to think about God... The Alaska Oil Fund. The fund has paid dividends to all Alaska residents every year since 1982, from \$300 to \$500 a person in the early years to more than \$2,000 this year, based on the fund's investments. 1980 Electric Windmill Ford Escort was killed by Jimmy Carter for this pay out to Alaska residents since 1982. God, how could this happen in a 1984 II Society? Oil money no longer pays the bills here... God no longer pays the bills in our George Orwell's London! Gluttony of Queen Elizabeth on BP Oil since 1982... Wrapping one's head around such "numbers can be difficult! Think of the Paris Cartoons with Queen Elizabeth, Allah, and Gluttony of George Orwell's 1984 London in 2015. "I realize now that we have become dependent on oil." And being Alone in the Universe. "Timothy Peake, British Astronaut, Dials Wrong Number From Space Station" By JOHN MARKOFF Mr. Peake, 43, should probably be forgiven for his lack of mastery of ship-to-shore dialing, because he is a recent arrival to the International Space Station. He is the

first publicly funded British astronaut, and his voyage to the space station on Dec. 15 was closely watched in Britain, where cost-conscious governments have generally avoided supporting human spaceflight. John Markoff is not George Orwell London, 2015. Don't believe anything you read about British astronauts dialing the wrong number calling someone on their cell from the Space Station, really, just think about it. Review: Veganized Offers Hearty Fare, Without the Meat and Cheese "At Veganized in New Brunswick, diners leave feeling full, without feeling gluttonous or heavy." By JOEL KELLER... ...without feeling gluttonous as the Queen of England.

12-26-2015 Mary, Eve, Trillions of Dollars + Trillions of Galaxies to think about God... Tishman Speyer Properties, one of New York City's most active real estate developers, had bought two parcels of land on the Far West Side of Manhattan to clear the way for a 2.8-million-square-foot office tower planned for Hudson Yards. Standing in the way, though, were the occupants of two apartments on the site. So this year, the developer turned to a lubricant that can be counted on to ease New York City tenants out of their rent-regulated units – a buyout, in this case, for \$25 million in total to three tenants.
