The collisions tore apart the beryllium nuclei, generating a flood of evanescent particles that fell apart in a cascade of debris. These particles were then hurled into a 40-foot-thick wall of steel, which stopped all of them except neutrinos. The neutrino beam was then sent through 90 one-inch-thick aluminum plates, discovery: that there were two kinds of neutrinos."

Greg Buell: [www.electricwindmillcar.com](http://www.electricwindmillcar.com)

12-27-2020 Ravenous Behavior in the windmill Car War. War Story's for the next 100 years about the Ace Test Pilots of the Air Force. Ace Fighter Pilots, Acetaminophen is the most common drug ingredient in America, found in over 600 different kinds of over-the-counter and prescription medicines and Ace Fighter Pilots don't know any of these Rx Recipes. Should they? Does the Air Force let Ace Fighter Pilots fly drunk as a DUI driver. What percent of Ace Fighter pilots have driven drunk as a DUI driver? How does this effect saving the wife from being tortured to death via Ovary Cancer? Yes you realize how it does! Dr. Lisa Sanders MD can write up a even better article for the NY times on this diagnosis.

12-27-2020 The results showed that the students who took acetaminophen engaged in significantly more risk-taking during the exercise, relative to the more cautious and conservative placebo group. On the whole, those on

acetaminophen pumped (and burst) their balloons more than the control group. Same as Ace Fighter Pilots today bombing the oil fields in Syria and Baghdad in the windmill car war for the money.

12-27-2020 In each of the experiments, participants had to pump up an uninflated balloon on a computer screen, with each single pump earning imaginary money. Their instructions were to earn as much imaginary money as possible by pumping the balloon as much as possible, but to make sure not to pop the balloon, in which case they would lose the money.

12-27-2020 Ace Air Force Pilots flying out of Qatar AF Base and Dubai AF Base get the real money not the imaginary money. With no thoughts at all about Ovary Cancer women being bombed as the CO kept these women secret. CBS and the editors at the NY Times got gov. perks too.

12-27-2020 This Balloon is the Universe and the more air we put into making contact with Jewish Aliens at Sirius and the other stars... "But for those who are on acetaminophen, as the balloon gets bigger, we believe they have less anxiety and less negative emotion about how big the balloon is getting and the possibility of it bursting." Jewish Aliens Bursting into the Air Force Soul.

12-24-2020 NY Times Editorial on Trump Pardon of wounded Warriors and Oil Men. "Mark Osler, a law professor at the University of St. Thomas School of Law who advocates for comprehensive clemency reform." Reform not in this editorial would have been Dr. Pope Francis MD and Dr. Thomas MD trained to cure cancer and virus as Trump will not pardon any of the Ovary Cancer women in a Israeli Prison on Christmas Eve.

12-24-2020 Eve@Christmas Eve; Eve will die a tortured death from Ovary cancer as the warriors robbed her con her into buying \$4 gas on the 4th of July.

12-24-2020 Eve@Christmas Eve; Obama didn't heed the

warning. He dithered for years before finally developing clear clemency standards late in his second term. The result: mercy for more than 1,900 people, many of them serving absurdly long sentences for low-level drug crimes. The NY Times Journalists wrote this today and censored!! How many of the 1,900 sucker punched a women pulling into their gas station hold up. 12-24-2020 Eve@Christmas Eve; who thinks Biden would give his diagnosis to the NY Times unless Biden was Dr. Biden MD then the NY Times could publish his medical records.

12-24-2020 Eve@Christmas Eve; A Editorial that will be front page when MD's are President of the USA not just the White House Doctors! Pardon todays editorial in the NY Times, as nursing care for the Ovary Cancer Woman when she needs art of the diagnosis editorial by Dr. Lisa

Sanders MD @ NY Times front page!

Mr. Kushner acknowledged that he arranged to have a prostitute seduce his brother-in-law in a motel room in New Jersey where video cameras were installed. Mr. Kushner then had the videotape sent to his sister. The case was prosecuted by then-U. S. Attorney Chris Christie, a longtime Trump friend who went on to become governor of New Jersey. Last year, Mr. Christie said Charles Kushner had committed a "loathsome" and "disgusting" crime. The 2 white Men at 1984 HQ when the NY Times goes public on them will be called disgusting Perverts by millions of Pink Women video taped having breast surgery.

12-24-2020 Mad Dog Pardon, yes there are dogs infected with the rabid virus and yes they do bite 12 year old girls in Florida. Others receiving pardons or commutations included a former K-9 police officer who served a 10-year prison term, the white House said, for releasing her dog on a burglary suspect who was badly bitten. Release all these K-9 cops to arrest the rabid dog before he bite a little girl should have been written into the law for K-9 officer training.

12-24-2020 Trump commuted Mr. Stone's sentence that was carved in Stone by Dr. Moses MD PhD looking for Pardon the Exodus to Sirius and Jewish Aliens but we have had enough of Trumps Plagues on the Jewish Universe filled

Giuliani, who had been the U.S. attorney whose office prosecuted Mr. Rich and is now the president's personal lawyer. "He never paid a price," Mr. Giuliani said in 2001 about Mr. Rich." Pardon the white House builders of 40,000 Trump Skyscrapers we can see today on Google Images of Bahrain, UAE and Dubai. Oh all paid for by rich gas station owners selling gas for \$4 a gallon on the 4th of July. 12-17-2020 USS Jimmy Carter Nuke sub profits since 9/11; "Forbes magazine this month estimated Mr. Safra's net worth at \$23.2 billion. Banco Safra is Brazil's eighth largest private bank; its two offshoots are Safra National Bank of New York and the J. Safra Sarasin bank in Switzerland. Mr. Safra also held a stake in the banana firm Chiquita Brands International and owned the "Gherkin" skyscraper in London's financial district as well as 660 Madison Avenue, the home of Barneys New York at East 61 Street in Manhattan." "Mr. Safra surprised many in 2011 when he bought the venerable Swiss bank Sarasin (founded in 1841), doubling his assets under management. Asked why he would take such a risk, he replied: "My son, there are things you do because they are strategic. This is expensive but a good deal. It is the best place for my money to be, even better than the U.S. Treasury." "Nobel Prize winner Elie Wiesel, who gave one of the eulogies, Prince Sadruddin Aga Khan, former U.N. secretary-general Javier Pérez de Cuéllar, and Hubert de Givenchy, the French couturier, who had been Lily Safra's favorite designer until his retirement. No member of Monaco's ruling family attended, a fact that was remarked on by many people, since Safra was considered the most important person in Monte Carlo after Prince Rainier." Jimmy Carter pallbearers will be Admirals who own a USS Jimmy Carter Nuke Sub and Texaco Gas Station. And Neil Rudenstine, president of Harvard

Now in her mid-60s, she has had a fascinating and eventful life, rife with both splendor and tragedy. She is these days one of the richest women in the world. She came into \$3 billion after Edmond's death, and she had possessed a fortune before their marriage, courtesy of her second husband. She has suffered greatly in her personal life. Before the most recent tragedy, she had lost both her son Claudio and her three-year-old grandson in an automobile accident. USS Jimmy Carter Nuke Sub crashed into 1.3 million traffic deaths every year they build the fleet of USS Jimmy Carter Nuke subs. Jimmy only counted on the Nukes on his subs. "A 600-page pre-nuptial agreement was reportedly drawn up—one colleague jokingly called it a merger—but the marriage turned out to be a successful one. I had heard from Heidi Maher earlier that day that there was going to be a re-enactment of the night of the deaths of Edmond Safra and Vivian Torrente for the Monegasque judge handling the case and that Lily had been ordered to be present. Donald Manasse, Ted Maher's lawyer, told me over the phone, "We hope and expect that the charges will be reduced at the end of the investigation." The re-enactment took place on October 20, in great secrecy, at 10:30 at night. It was held in the penthouse, over which a new roof had been built, but which otherwise is as it was on the night of the fire. Everyone involved during the hours of the conflagration was there. It was the first time since Edmond Safra's death that Lily Safra, who had been in her bedroom at the other end of the house when she was awakened by the report of the fire, was in the presence of Ted Maher. She was accompanied by three lawyers, and Ted Maher was under guard, wearing handcuffs and a bullet-proof vest. A source who was present told me they were "terrified of seeing each other." Ted went through a re-creation of lighting a toilet-paper fire in a wastebasket with a Howard Slatkin scented candle. The re-enactment lasted until five o'clock in the morning. 12-14-2020 Cold war Spy Novels have just died in the NY Times. John le Carré, Best-Selling Author of Cold War Thrillers, is Dead at 89 died on Saturday in Cornwall, England. He was 89. "John le Carré" was not his real name. Born David John Moore Cornwell in Poole, Dorset, on Oct. 19, 1931, he had a ragged, destabilizing childhood dominated by his father, Ronald, an amoral, flamboyant, silver-tongued con man who palled around with celebrities and crooks, left trails of unpaid bills wherever he went, and was forever on the verge of carrying out a huge scam or going to jail. He was in and out of prison for fraud. Mother, Olive Cornwell, walked out of the family house and into the arms of another man when David was 5. Mr. le Carré was a spy of some kind for 16 years, for both M.I.6. and its domestic counterpart, M.I.5. posing as a British diplomat; his work included conducting interrogations, tapping phones, organizing break-ins and running agents. Windmill Car War had to effect his newest Spy Novel with King Salman public Beheadings even Henry VIII would have put in the London Times. Ann was the name of Mr. le Carré's wife at the time, though when they divorced, in 1971, it seems to have been his infidelity that was a problem, not hers. "The Spy who Came in From the Cold" No not about the windmill Car always climate controlled like his home in a cold London winter. The women in Mr. le Carré's early books were often caricatures – the ingénue, the adulteress, the sexless crone – and that was so, he once said, because "I grew up without them and they have always been strangers to me."

12-14-2020 Mr. le Carré windmill Car war novel is unfinished, the Victor will be the Windmill Car Drivers of course. God Save the Queen, Elizabeth will be in the title. But he became bitterly disillusioned with Britain and America after the 2003 invasion of Iraq and the war on terror. He was particularly angry at reports of Western torture, something that did not happen when he was a spy, he said. "It was a softer world, of course, mine – the Cold war," he said in an interview in 2008. "I know about interrogation.

wing evangelical excess and the corporatization of warfare with 1 million Done's made by Jewish Warriors infected with the war Virus.

12-14-2020 Mr. le Carré "Agent Running in the Field," was published in October 2019, prompting Robert McCrum of The Guardian to write, "Publishing such a thriller at the age of 88, a feat of imaginative stamina that surpasses the tenacity of his idol Graham Greene, le Carré confirms his place at the head of his profession."

12-14-2020 Mr. le Carré He married Valerie Jane Eustace, a book editor, in 1972; she later served as keeper of the schedule and typist of the manuscripts and general provider of sound counsel for her husband. Their son, Nicholas, became a successful novelist, too, writing under the name Nick Harkaway. They both survive him, as do his three sons from his first marriage, Simon, Stephen and Timothy.

Chabad Jewish Center of the Florida Keys and Key West have celebrated the tradition. By 166 BCE, Mattathias had died, and Judah took his place as leader. By 164 BCE, the Jewish revolt against the Seleucid monarchy was successful. The Temple was liberated and rededicated. The festival of Hanukkah was instituted to celebrate this event. Judah ordered the Temple to be cleansed, a new altar to be built in place of the polluted one and new holy vessels to be made. According to the Talmud, unadulterated and undefiled pure olive oil with the seal of the kohen gadol (high priest) was needed for the menorah in the Temple, which was required to burn throughout the night every night. The story goes that one flask was found with only enough oil to burn for one day, yet it burned for eight days, the time needed to prepare a fresh supply of kosher oil for the menorah. An eight-day festival was declared by the Jewish sages to commemorate this miracle.

4 Star Generals need to be tested for heart attack today on orders from the Pentagon!! All 4 Star Generals need to be tested for a future heart attack today on orders from the Pentagon!!

A team of scientific researchers led by **Massachusetts General Hospital** with support from the US National Institute of Biomedical Imaging and Bioengineering (NIBIB) has developed an improved **optical imaging technique** that found differences between potentially life-threatening coronary plaques and those posing less imminent danger for patients with coronary artery disease. Their method may give cardiologists additional data to identify patients at higher risk of future **heart attacks** and help them improve medical therapy.

**CORONARY ARTERY DISEASE**

Coronary arteries can become damaged or diseased, often due to a buildup of cholesterol-containing plaques, or as a result of inflammation.

Plaque forms in lining of artery

Plaque grows, lining of artery is damaged

Plaque ruptures

If the plaque ruptures, platelets will try to repair the artery. This clotting can block the artery leading to a heart attack.

The diagram illustrates the progression of coronary artery disease. It starts with a healthy heart and its coronary arteries. As plaque (a buildup of cholesterol and inflammation) forms on the inner lining of the artery, the artery narrows. The plaque then grows larger, further damaging the artery's lining. Eventually, the plaque ruptures, causing platelets to clump together to repair the damage. This clotting can completely block the artery, leading to a heart attack.

4 Star Generals need to be tested for heart attack today on orders from the Pentagon!! All 4 Star Generals need to be tested for a future heart attack today on orders from the Pentagon!!

12-11-2020 As a consequence of his heart attack, Eisenhower developed a left ventricular aneurysm, which was in turn the cause of a mild stroke on November 25, 1957. This incident occurred during a cabinet meeting when Eisenhower suddenly found himself unable to speak or move his right hand. The stroke had caused aphasia. The president also suffered from Crohn's disease, [267] chronic inflammatory condition of the intestine, [268] which necessitated surgery for a bowel obstruction on June 9, 1956. [269] To treat the intestinal block, surgeons bypassed about ten inches of his small intestine. [270] His scheduled meeting with Indian Prime Minister Jawaharlal Nehru was postponed so he could recover at his farm. [271] He was still recovering from this operation during the Suez Crisis. Eisenhower's health issues forced him to give up smoking and make some changes to his dietary habits, but he still indulged in alcohol. During a visit to England he complained of dizziness and had to have his blood pressure checked on August 29, 1959; however, before dinner at Chequers on the next day his doctor General Howard Snyder recalled Eisenhower "drank several gin-and-tonics, and one or two gins on the rocks ... three or four wines with the dinner"

12-11-2020 Dr. Snyder later falsified his own records to cover his blunder and to protect Eisenhower's need to portray he was healthy enough to do his job... misdiagnosed the heart attack as indigestion!

The University of Antioquia now holds some 400 brains, most of them from people who have died with genetic, early-onset Alzheimer's. West Point Medical School would have millions of Brains in a DeepMind super computer today. Brain tissue deteriorates quickly, and samples must be fixed in preservative or frozen within a few hours to be useful. Brain autopsy started at 11:30 a.m., three hours after her death.

The Supreme Court 9-0 verdict to promote the MD to President and Congress, end the Term for Lawyers even on the Supreme Court.

12-7-2020 Assassination of a Invention, the Porsche WindmillCar by the first President and all who came after Jimmy and Rosalynn Carter to the power of assassination of Inventions, several came after Jimmy Carter got the Nobel Peace prize with super conductivity of Windmill Electric Generators at -254 C generating 1 Trillion volts and Watts. The US government's argument that it has every right to assassinate anyone, and invention, anywhere that it deems a national security risk - even its own citizens

- Pink Citizens were and are assassinated by Trump Oil Company today.

12-7-2020 Trump admits the Porsche WindmillCar Drivers mostly Doctors would have gotten a Rx Recipe Cure for all Pink Cancers with Trillions and Trillions of dollars hacked from Swiss Oil Company Banks. Heart Healthy Swiss Cheese would have been discovered in Pasteurs Lab in Paris not at the Lake Geneva Palace of Prince and King Salman. So the Swiss are guilty as hell of world wide assassinations like Trumps Drones in Iran and Baghdad.

12-7-2020 Hellfire missile fired from a Predator drone. Because this was a matter of "national security", security of Prince and King Salmans Oil Revenues.

12-7-2020 A Promised Land, hunt down "terrorist suspects mostly inside - but sometimes outside - the war zones of Afghanistan and Iraq". Inside and outside of Fiery wrecks in the USA and world wide. Even Pope Francis outside watched them burn to death in a fiery wreck. This is our Promised Land in the Vatican. Hell you say. Pink Lady's were also assassinated in this Promised Land Novel. Wrongful Death lawsuits are going to be Driven by Cured of Breast Cervix, Ovary cancer women in Windmill Porsche cars. Then they will Drive Husbands to the Gravity Engine Invention for saving their inventor life style light years from this Burned Black fiery wreck of a car. Top Secret Promised Land is at the Star Sirius. We would be there today if not for all the Presidents since Jimmy and Rosalynn Carter lost Georgia to the Diesel Mercedes War Machine.

...grave concerns about a world with disinhibited malevolent actors who assassinate inventions then go to war with the windmill Car Wars!...

12-7-2020 Trip Taken to Jewish Aliens at Sirius will be reviewed in the NY Times Travel Section. Heading for Closest Visible Alignment in 8,000 Years with Sirius and the Aliens at every Star in the Universe all assassinated by Gas Station Owners with Drones and advanced missiles. Forever Wars lost the Star Wars Inventions. What's at Sirius is much better than Moon Rocks China is digging up today to make headlines and go viral with Small Fry trip to nowhere but the Moon. Like Bidens Moon Shot to cure brain cancer he got so bored with he quit the board.

12-6-2020 Let's hope City Hall in 2021 Moves Over to Red Light Radar from Red Light Cameras. \$\$\$

12-6-2020 Let's hope the State Dept. Moves from Sanctions on who sells their Oil to who Gets a Stimulus Check large enough to buy a 2021 Porsche windmillCar! Senators all 100 have debated the Stimulus Checks for the Porsche! Well then how about an iPad Air M1 Stimulus Check or even a iPad Air M1 shipped by Amazon Prime with unlimited Verizon internet cell that cost \$100 a month, same as the last Stimulus Check of \$1,200.

12-6-2020 Virus Is Under Siege except for its picture of amino acid spikes spelled out with C++ Code from Alphafold Lab.

12-6-2020 Gina will testify Putin spent \$100's of Trillion of Oil Revenues!! when Alpha fold Lab should have been given Trillions to map the Proteins Amino Acids.

12-6-2020 NY Times headlines about 'Cuban Microwave Guns' aimed at State Dept Employees but left out that Moscow first aimed the Microwave Guns at Russian Pink women who all died from Pink Cancers!! Not the Microwave weapons ordered by Putin.

12-6-2020 Gina will testify Putin spent \$100's of Trillion of Oil Revenues!! Not on 2020 Porsche WindmillCars for his Moscow women.

12-6-2020 Gina will testify at the wrongful Deaths of 1 million Pink women; Gina Haspel, the C.I.A. director, has not concluded the Kremlin was responsible. But some C.I.A. analysts who are Russia experts, diplomats and scientists contend that evidence points to Moscow, which has a long history of experimenting with the technology

of Microwave Guns. Moscow Pink Women are all Dead!!

12-6-2020 Virus is Under Siege during construction of Los Alamos Lab II. AlphaFold move from London to Los Alamos II

12-6-2020 London; Alcohol Under Siege used to seduce 'Pink' women has killed 2,700 in 1 year 2020. Intellectuals at Oxford will never testify because they profited as Pub Owners. V2 rockets killed about 2,700 Londoners then NASA hired all the Berlin V2 Rocket Scientists. Wow!

12-6-2020 Grave Disinherited malevolent actors sell Alcohol at Gas Stations along with the tobacco from the Plantation next to Jimmy and Rosalynn Peanut Plantation. Lawyers are behind the DUI drivers ready to help them avoid arrest. Jimmy Carter and Rosalynn will be in the Novel 'Windmill Wars II' and Lawyers from this new era will sue them and all the Georgia Plantation estates for wrongful deaths. Trump back home from Georgia yesterday made the headlines killing the Governor of Georgia in cold blood, beheaded.

12-6-2020 Grave Disinherited malevolent actors getting tired of assassinating 1 scientist at a time in Iran built the USS Jimmy Carter Nuke Sub with 40 H Bombs ready to fire over oil sales.

12-6-2020 Grave Disinherited malevolent actors getting tired of assassinating 1 scientists at a time in Iran refuse to build the Yale Key West Medical School and a few hospital ships advanced designed.

12-6-2020 1980 Ford and Porsche windmillCars in Georgia USA and Georgia USSR. "In the mid-1980s, at the height of the Soviet-Afghan war, the Communist-backed government in Kabul promoted her to surgeon general of the Afghan Army after she had distinguished herself by tirelessly saving the lives of the hundreds of wounded soldiers and civilians who poured in through the doors of the 400-bed Daud Khan hospital. She was known as "General Suhaila."

12-6-2020 Los Alamos Cuba H-Bombs were shipped to Trump overnight several times. Trump lied low for 4 years, "Report Points to Microwave 'Attack' as Likely Source of Mystery Illnesses That Hit Diplomats and Spies in Cuba. Virus and Cancers, fiery wrecks killed more diplomats and Spies in the USA but Cuba is War Quest not the common fiery wrecks. Radar not microwaves were in this Cuban War the last 4 years too as Trump knew about the Red Light Radar and No Head On Collisions Radar Inventions the last 4 years. Yes all who survived the fiery wrecks can sue Trump and the 2 white Men at 1984 HQ for wrongful Death like the Mayor of Key West wrongful Deaths building a BP Oil paid for City Hall instead of a Yale Key West Medial School with Alpha fold Pasteur just off the Key West Hospital Ship. All Lost at Sea and the Navy Admirals are next to the State Park Beach.

12-6-2020 "Havana syndrome," without a NY Times picture of "radiofrequency energy, a type of radiation that includes microwaves" "directed, pulsed radiofrequency energy" as "the most plausible mechanism" to explain the illness. Laser Blasters out of Science Fiction Movies are

a reality if you have an extra trillion to spend on this a Los Alamos Labs world wide.

12-6-2020 Advanced Weapon Research labs world wide forced into permanent retirement. Via the 2020 Ford and Porsche WindmillCars with Radar and iPhone 12 Pro Max iDash Cam upgrade from the Cops Body Cam of 2020 as GPS is tracked for all cell phones that drive by you in traffic, yes that was Mary who just passed you, grin.

12-6-2020 Trumps Mindless Sanctions got many people killed. Suspicions that Moscow is behind the episodes for lost Oil Sales over Trumps sanctions and Bounty Hunter article in the NY Times. Sanctions on Oil not Vodka, when Vodka kills more we would know from one of the 100's of maps on the front page of the NY Times.

12-6-2020 Trump tried to start a H-Bomb war but had to settle for Microwave Guns; new report reveals strong evidence that the incidents were the result of a malicious attack. It attributes the illnesses to "directed" and "pulsed" – rather than "continuous" – energy, implying that the victims' exposure was targeted and not the result of more common sources of microwave energy, such as, for example, a cellphone.

12-6-2020 Trump and the 2 white Men at 1984 HQ failed to support them by winning the war with Putin Oil Company using the Top Secret 2020 Ford and Porsche windmillCars, as Texas voted Hell No we need our Oil Revenues!

12-6-2020 Gina will testify at the Wrongful Deaths of 1 million Pink Women; Gina Haspel, the C.I.A. director, has not concluded the Kremlin was responsible. But some C.I.A. analysts who are Russia experts, diplomats and scientists contend that evidence points to Moscow, which has a long history of experimenting with the technology of Microwave Guns. Moscow Pink Women are all Dead!!

12-6-2020 Military forced labor of Pink Women to work on "significant research in Russia/U.S.S.R." on pulsed radiofrequency Guns.

12-6-2020 Editors at the NY Times write "grave concerns about a world with disinhibited malevolent actors and new tools for causing harm to others." 1 million birth defects from the Berlin Diesel Mercedes War Machines and the NY Times write of Microwave guns as the Grave... grave concerns about a world with disinhibited malevolent actors and new tools for causing harm to others.

12-6-2020 ...grave concerns about a world with disinhibited malevolent actors...

12-6-2020

12-6-2020 Prince and King Salman are 2 of the Drunk Road Rage Mad Men with Rabies not even Pasteur in Paris can Cure with a Saudi Palace on the French Reivier, not to mention the Palace at Lake Geneva. Grave concerns about the Riches of Oil Men with immunity from Diesel Birth Defects longer than Moscow Microwaves of the Moscow Embassy in 1980 and Jimmy Carter trashing this report along with the 1980 Ford and Porsche windmillCar. Jimmy Carters secret State Dept report on \$4 gas on the 4th of July when his Peanut Plantation gas station has the sign 18.9 cents a gallon was to much radiation of riches beyond belief that can be seen in Mecca and Bahrain Skyscrapers today.

12-6-2020 Grave concerns about the Lost Riches, trillions spent on microwave guns instead of Yale Medical School MD's and Professors MacBook Pro's fully loaded with Rx Recipes all trade secrets Putin does not want to whip up a new batch of Penicillin for cancers and virus cures.

12-6-2020 Trumps New Sanctions; "The larger issue is preparedness for new and unknown threats that might compromise the health and safety of U.S. diplomats serving abroad," Trump will issue New Sanctions no matter how Putin retaliates. Status Quo of Sanctions by the gravely ill Road Rage Warriors with 100's of Trillions in gas station hold up loot. And they all have immunity from War Crimes.

12-6-2020 Millions suffer like Pink women from Trumps New Sanctions on who gets to sell their oil not who gets to sell their 2020 Ford and Porsche windmillCars and build the Yale Medical School Hospitals at the site of the New City Hall. Wrongful Death Law Suits against Trump and the City Hall Mayor will find a Lawyer for profits in our sea of a trillion lawyers always placing a DUI ad in the NY Times and looking to sue the Pink Lady's Cancer MD. Instead of applying to Yale Medical School to cure Pink Cancers.

12-6-2020 State Dept. reflects on how they might use their wealth to make a difference in the Wars caused by Trump Sanctions on who gets to sell their Oil. Bill and Melinda Gates Gates Foundation has given away more than \$55 billion. The State Dept. could spend \$100 Trillion this coming week hacking the Swiss Banks Oil Revenues all illegal gas station hold up loot even the Swiss know its illegal Secret Swiss Bank accents and the State Dept has laws about illegal Secret Swiss Bank Accounts. So spend the Money on City Hall USA, well not City Hall USA but Yale Medical Schools and building the 2021 Ford and Porsche windmillCars with Radar that cost more than the cars. And iPhone 12 Pro Max iDash Cams that will cost a lot. Replace all the NYC Schools ChromeBooks with MacBook Pros fully loaded and C++ software installed.

12-6-2020 Melinda Gates Gates Foundation has given away more than \$55 billion Gates is more optimistic today than she was a couple months ago. As the State Dept. might go Rogue just to drive the Porsche windmill Cars around CIA HQ.

12-6-2020 Trumps Sanctions on the 2020 Ford and Porsche WindmillCars makes zero sense. Most people get in a car today and know that to save their own life, they ought to wear a seatbelt. Most people would agree that having drunken drivers on the road is a bad thing, not only individually but for us as a society, because it causes more deaths. Well, masks are just the right thing to do right now. It is insane that we're at this point in this pandemic, in the United States, and we're still debating whether people should wear a mask when they go in a store to buy their groceries.

12-6-2020 Melinda Gates and we're still debating whether

people 'Pink Lady's' can sue the gov for wrongful Deaths from the Pentagon and Senate refusing to fight the war on Cancer! As they are addicted to cheering on the drone strikes.

12-6-2020 BP Oil building 100's of New City Hall's and Gas Stations Disinformation is just too easy to spread, and that's going to cost people their lives... As this New City Hall would never have been built and the old City Hall would be 100's of Years old and still running like London City Hall. Unless BP Oil already built a New City Hall for London. Grin. F.D.A. is our gold standard and they should have more money than BP Oil to spend. If BP Oil did build a new City Hall for London the fixtures in the bathrooms are made of Gold as status quo of the Bahrain City Hall Palace.

12-6-2020 Pope Francis and Prince Salman Find their place in the 'Heart Transplant' line with Cheney cutting in front of the line for his second Heart Transplant.

12-6-2020 ...grave concerns about a world with disinhibited malevolent actors... Cheney must be one of these disinhibited warriors! Doctor Mary Trump with psychology would need a Army of Mind Altering MD's to cure Cheney of his War Greed. So who are the other War Time Actors?

12-6-2020 Sanction on Russian vodka; "Her Legs would Barely Follow Her Brain. Then She Saw Double." By LISA SANDERS, M.D. Page MM24

12-6-2020 Cheney is not most persons, persons in his ruling class are guilty of more wrongful deaths from DUI drivers than war in Afghanistan. Most people would agree that having drunken drivers on the road is a bad thing, not only individually but for us as a society, because it causes more deaths. The Drunk Sailor is not in Taylor Swift's New 'Folklore' song list. Was it censored by the DOD or just as it came to Cheney's desk at the Pentagon. Pondering why so many drink and drive and are not arrested to do this again and again you wonder about the Top Brass alcoholic addictions besides to war.

All these Berlin V2 Rocket Scientists went to work at NASA at the end of the war!

All Berlin MD's wanting to Cure Pink Cancers after the War were shot by Firing Squads! Really.

12-6-2020 Pink Lady's' "WW II Thus a team of 'Pink' female air force officers was dispatched to newly liberated Belgium, armed with slide rules and graph paper, to try to confound the Führer's rocket program using the theorem of the parabolic curve. Each calculation had to be completed in under six minutes to find the location of the V2 Rocket launched at London."

12-6-2020 Trump seeking to reconcile his war work with his conscience seeing all women in Pink not voting for him any longer.

12-6-2020 Cheney; enigmatic character of wernher von Braun, the real-life space scientist, Nazi of convenience, sometime SS officer and the charming, politically agile head of the V-2 program who would throw his lot in with America at war's end and play a key role in the U.S. space program. Jewish Exodus after 8 million were gassed by Berlin Diesel Mercedes war Machine a Plague man made by old Berlin Warriors who worked on the V2 rockets who now sell Diesel Mercedes to Israel leaders for the Status Quo.

12-6-2020 Diesel war; characters as they struggle toward the end of an exhausting war.

12-6-2020 V2 rockets killed about 2,700 Londoners and destroyed 20,000 homes. But of the missiles aimed at London, only 517 hit the capital while 598 fell short, detonated in flight or otherwise failed. They caused widespread anxiety, but had little impact on the course of the war, and may even have hastened the end for Hitler by soaking up vast resources at a crucial moment: Germany was running out of food, but the alcohol to fuel each rocket had to be brewed from 30 tons of potatoes.

12-6-2020 London; Alcohol used to seduce 'Pink' women has killed 2,700 in 1 year 2020. Intellectuals at Oxford will never testify because they profited as Pub Owners. V2 rockets killed about 2,700 Londoners then NASA hired all the Berlin V2 Rocket Scientists. Wow!

12-6-2020 London WW II Pink Lady's could not pinpoint the other end of a 200-mile ballistic curve of the V2 in time for fight jets to bomb the site. Same Pink Lady's work for the Drone Strikes pin point the Terrorists and the Drone Strike is a hit with the guys cheering them on. Pink Women die a tortured death with out the Top Brass inventing a Pink Medal of Honor and no one today is working on a Rx Pink Recipe at the Pentagon. No one will work on the Pink war until Trump is gone from the White House he refused to Paint Pink for Ivanka. Yes Trump would murder his own daughter with Pink Cancers. War Cancer and Syphilis cancer is in Trumps brain, the Doctors will find it and mark it Top Secret.

12-6-2020 Ivanks unintended consequences of Trump Oil Company Wars! Trump Sanctions!

12-6-2020 By 1960, his V-2 team from Berlin who bombed London had been incorporated into NASA. In 1975, they received the National Medal of Honor. 12-6-2020 From the Novel and Kindle "windmill wars" you can plug in your 2020 Ford or Porsche windmillCar into your home... New England Winter Storm Leaves More Than 250,000 Without Power. About 200,000 customers in Maine alone lost electricity after a nor'easter brought high winds and heavy snow. Trump lost power to harm so many lives selling gas stations lifestyle in Maine.

12-6-2020 Arrested again after the Supreme Court votes 9-0 to sober up DUI Lawyers. "Mr. Aronwald, who later became a defense lawyer in prominent cases, in 2014 with his client Kerry Kennedy, a daughter of Robert F. Kennedy. She was acquitted of a charge of driving while impaired."

12-6-2020 Final Days of Road Rage Drunks and their Road Kills started by Senator Kennedy driving off a bridge drunk... sentence was death by Brain Cancer as Kennedy School of Government at Harvard has not discovered a Rx Recipe Penicillin for Cancers or Virus Plagues, still drunk driving the Kennedy Foundation the last few decades during the windmill Car War!

Oh, BP Oil men in Key West paid for the New City Hall. \$10 million. why they didn't build a Yale Hospital Medical School on this site is a no Brainer as they had visions of running City Hall not a Yale Hospital Medical School. 12-3-2020 NY Times and Google did more harm, killings than just selling Chromebooks to NYC school kids. They sold Coors, Russian Vodka, and French wine that harmed 100 million world wide. "Her potassium and magnesium were low. Chronic alcohol use causes the wasting of these electrolytes. She had a mild anemia; alcohol also suppresses blood-making. The doctor ordered the missing minerals and admitted her to the hospital for a five-day course of high-dose thiamine replacement."

12-3-2020 Google and NY Times, CBS, MSNBC blood testing like the virus testing would not cure alcoholism or close the Bars in NYC or Duval Key West but would catch the thiamine in time for the thiamine IV for 5 days in the Hospital. Millions of people in the Hospital for 5 days with the thiamine IV.

12-3-2020 Shock and Awe Wars are the wine Google and the NY Times are addicted to. Recovery from her addiction has also been hard. Alcoholics Anonymous has helped, but wine had filled in so many of the empty spaces in her life. Empty Space between Earth and Sirius is not filled by Google and the Editors at the NY Times. They are still drinking French wine today. Still Alcoholic ready to call 911. And report a crime about the 2020 Ford and Porsche WindmillCars. 12-3-2020 Cheryl Cates was 67 and had been hospitalized, along with her husband and daughter Crystal Cates, 35, after all three tested positive for the virus. The city of Key West postponed its meeting set for Wednesday evening "out of respect for the Cates family," said city spokeswoman Alyson Crean. The commission will meet Thursday instead. "Wesley House is in mourning over the loss of our long-term and deeply loved Board member, Cheryl Cates," the nonprofit posted on its Facebook page. "Cheryl was a fabulous advocate for our agency and worked tirelessly to better the lives of children and families in the Florida Keys," Wesley House said. "No one can ever replace her and we send our love and prayers to the Cates family during this very difficult time." In Key West, Cheryl Cates was known as the island city's "first lady" during her husband's tenure as mayor, from 2009 to 2018. The Cates family was struck with the virus earlier this month. Craig Cates announced on Nov. 17 that the three had tested positive for COVID-19. The three were airlifted to Jackson Memorial Hospital after first being treated at Lower Keys Medical Center. Cheryl Cates was born in Jacksonville on Sept. 19, 1953. Her family moved to Key West when she was 2, according to a biographical page on the website of Berkshire Hathaway HomeServices Knight and Gardner Realty, where she worked. "In 1971, Cheryl married her high school sweetheart, Craig Cates, and they went on to have three beautiful daughters and four amazing grandchildren with whom she shares her love of music, performance and cars," "Cheryl co-owned Cates

Automotive, C-N-C Engine Services, and Napa Auto Parts with Craig. All of which served as successful, locally owned and operated businesses of their hometown." Cheryl Cates had been involved with the Zonta Club of Key West, the Key West Woman's Club, Wesley House Family Services, Samuel's House and the Florida Keys Children's Shelter. In 2017, she was awarded the Key West's Business Guild's Presidential Award and in 2016 won the Key West Star Award from the Greater Key West Chamber of Commerce.

11-30-2020 A few more invention project for Jeff Bezos to post on Amazon IP; I like how it has options to either step up or down. I love it. With a lot of appliances that I carry to the US as part of home relocation where the countries the units purchased were 220V to 110 in the US, this is very useful. The only complaint I have is that the power outlet is at the base of the unit. So if this transformer is kept a little on the inside of the table / counter top, the output power plugs now have to immediately bend and I fear over time they will break. So I've kept it such that the outlet is at the edge, not my preference. I tried to keep a small step to keep this on, but given this units weight, and the fact that it generates heat, I found it not working. I would suggest that the output be kept a few inches higher if possible at all? But otherwise great product.

11-30-2020 There are three primary types of voltage transformers (VT): electromagnetic, capacitor, and optical. The electromagnetic voltage transformer is a wire-wound transformer. The capacitor voltage transformer

uses a capacitance potential divider and is used at higher voltages due to a lower cost than an electromagnetic VT.

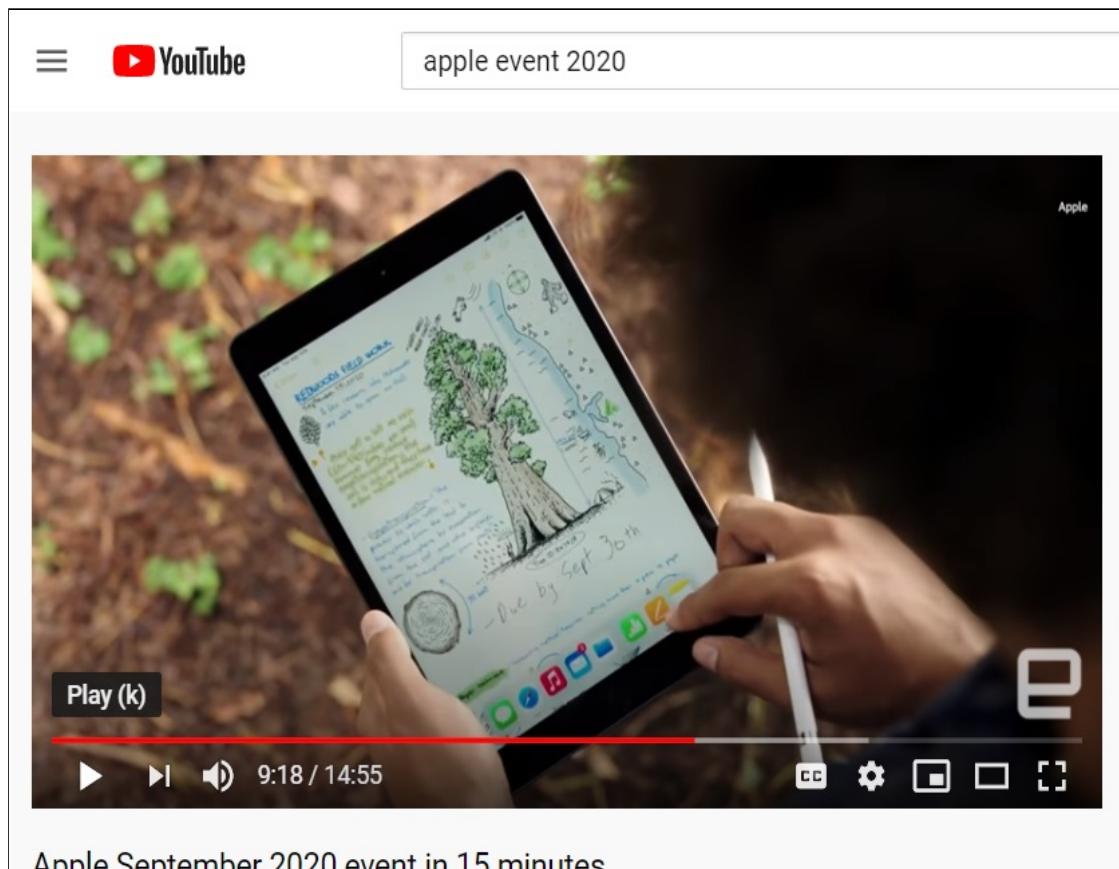

11-30-2020 transformer equation, and it simply states that the ratio of the secondary to primary voltages in a transformer equals the ratio of the number of loops in their coils.

11-30-2020 There are three basic parts of a transformer: an iron core which serves as a magnetic conductor, a primary winding or coil of wire and. a secondary winding or coil of wire.

1-23-2020 Key West - NYC - Mecca - Paris; ...patients are six times as likely to receive T.P.A. in the first 60 minutes after symptom onset – the so-called “golden hour” during which the drug is most likely to reverse the ill effects of a stroke. “It can be the difference between being in a wheelchair and walking independently,” said Dr. Mackenzie Lerario, medical director of the NewYork-Presbyterian Mobile Stroke Unit. “Or between needing constant nursing care and living how you were previously able to.” Even with advances in medical technology, we will, of course, never eradicate regret. Regret is a fundamental aspect of being human. But there are high- and low-tech steps we can take to ease the sting. Perhaps none more important than embracing regret as part of life, and focusing not on what might have been but on what still is.
