Polygamy I just wanted to mention I will get Polygamy made legal after the Coup D'Etat. I want 4 legal wives to help me brainstorm 24/7 the Rx Cure for Breast Cancer. So ladies please email or call Greg... Saudi Arabia kills and burns in gasoline more wives than Americans do, and we just have one wife now so in the ending of "1984" were he breaks the mirror and finds the hidden camera - the government men today are the "Fags" + "Nigers" who are profiting from Oil behind todays Orwellian Mirrors. They are the same government Fags + Nigers (oil genocide profiteering with Swiss Bank Accounts) who are causing so many murders and divorces. This will be exposed after the Coup D'Etat too

Monday, June 1, 2009 6/1/2009 7:38 AM "Dynamited-Hydrogen" I will invent ---- "Dynamited-Hydrogen"

I will invent ---- "Dynamited-Hydrogen"

6/1/2009 7:38 AM I will invent ---- "Dynamited-Hydrogen" is simply some sort of absorbent material in the H gas and H liquid that makes Hydrogen much more stable.

"Dynamited-Hydrogen" will use a blasting cap from Micro Motion which is sophisticated enough to detect any leaks stop them with gunk sealant inside the can of H and or call 9-11 on its own.

Nitroglycerin, for example, has the chemical formula $C_3H_5(ONO_2)_3$. The carbon and hydrogen combine with oxygen, and the nitrogen is liberated.

Dynamite is simply some sort of absorbent material (like sawdust) soaked in nitroglycerin. The absorbent material makes the nitroglycerin much more stable. You normally use a blasting cap to detonate dynamite -- a blasting cap creates a small explosion that triggers the larger explosion in the dynamite itself. Dynamite is an explosive based on the explosive potential of nitroglycerin, initially using diatomaceous earth or another absorbent substance such as sawdust as an absorbent. It was invented by Swedish chemist and engineer Alfred Nobel in 1866 in Krümmel (Geesthacht, Schleswig-Holstein, Germany), and patented in 1867. Another form of dynamite consists of nitroglycerin dissolved in nitrocellulose and a small amount of ketone. This form of dynamite is similar to cordite. This form of dynamite is much safer than the simple mix of nitroglycerin and diatomaceous earth absorbent.

Hydrogen has the chemical formula H

"Dynamited-Hydrogen" is simply some sort of absorbent material in the H gas and H liquid that makes Hydrogen much more stable.

"Dynamited-Hydrogen" will use a blasting cap from Micro Motion which is sophisticated enough to detect any leaks stop them with gunk sealant inside the can of H and or call 9-11 on its own. As you read above the inventions of absorbent will be endless someone inventing a better absorbent every year, along with the valve.

Remember you ElectricWindmillCar will give you a can of H fuel to heat your house, generate your electricity, and you get clean pure water for drinking and showering via yet to be invented faucet you connect to a can of H and O turn it on and get your H₂O water.

Monday, June 1, 2009 H can generate your homes apartments electricity well at keeping your car

climate controlled 24/7 so the 100 kids left in hot cars that will die in the summer of 2009 this will be the last of this Genocide by Bush, Kennedy, (Yes Caroline Kennedy too will let these 100 kids die in a hot car this summer) Hillary Clinton is so much into via mentality being a mass murderer she does not consider these 100 deaths worth mentioning - until the Genocide Trial of course.

[New ---Cop with burnt face looking at his baby and wife... 100's of thousands of cops - kids-parents have faces burned in gasoline from fiery car wrecks for more oil money. This is what the Worlds Leaders toast to... Let them eat cake, let them burn in gasoline, We're addicted to oil money... click here see the picture of the cop!](#)

Help Greg get the Rx Penicillin Miracle Overnight cure for breast cancer, remember on this Memorial Day 40,000 women had an autopsy from dying from breast cancer. Not 40,000 Marines killed in Baghdad... Dr. Chen and the other women MD's who sobbed out of control attending to 40,000 "GRUESOME" breast cancer autopsy's just in 2009! I invented the ElectricWindmilCar in 1980 I could have gotten a Rx Penicillin cure for breast cancer in 1981... our government has 10 on going genocides and all
