*5-14-13 My Medical Choice Breast Cancer ANGELINA JOLIE New York Times Published: May 14, 2013*

*ANGELINA JOLIE MY MOTHER fought cancer for almost a decade and died at 56. She held out long enough to meet the first of her grandchildren and to hold them in her arms. But my other children will never have the chance to know her and experience how loving and gracious she was. We often speak of "Mommy's mommy," and I find myself trying to explain the illness that took her away from us. They have asked if the same could happen to me. I have always told them not to worry, but the truth is I carry a "faulty" gene, BRCA1, which sharply increases my risk of developing breast cancer and ovarian cancer. My doctors estimated that I had an 87 percent risk of breast cancer and a 50 percent risk of ovarian cancer, although the risk is different in the case of each woman. Only a fraction of breast cancers result from an inherited gene mutation. Those with a defect in BRCA1 have a 65 percent risk of getting it, on average. Once I knew that this was my reality, I decided to be proactive and to minimize the risk as much I could. I made a decision to have a preventive double mastectomy.*

*When freed 1,001 Invention Projects on a CD and my web page*

*4-24-13 FBI, CIA + George Bush Presidential Library and Museum Grand Opening TODAY! CIA, FBI analysis is... Grand Opening Should Have Been for a "Presidential Medical School... Worst the FBI, CIA are working on a "USA National Public Libraries" in every City and Town were 1 Billion American Citizens can search every Book + Every Medical Article ever written, and read the Book + New England Journal of Medicine for Free! Few of the 1,610 who changed failed grades to passing were Yale Medical School Professors, knowing these failed MD's will kill, murder patients with their mistakes! Bully Bush is Feared more than God by Pope Frances and Yale Medical School Professors. FBI + CIA can confirm this! Obama yesterday in the White House with Student Inventors praised one with a bike, when the rider peddles it turns a wheel that cleans H2O... 1 Billion people in Kenya and Africa would have clean H2O today if 1 Trillion Cans of Hydrogen at -254 C were on the NASA assembly line, as Bush didn't use any of his \$177 Trillion in BP Oil Revenues since the 1980 invention of the*

4-21-13 Greg Buell Lovestar is trying to link them to \$177 Trillion dollars in BP + Saudi Oil Money spent on "War Toys" built at MIT -

So why was the MIT Campus Cop shot 5 or 10 times by the "Brothers"...

4-21-13 MIT is the GE and GMC of "Drone's Inventing + Production" killing 22 1st graders in Pakistan every day of 2013.

4-21-13 Boston Marathon bomber Dzhokhar Tsarnaev was at the University of Massachusetts Dartmouth this week after the explosions killed and injured so many!

4-21-13 He is a registered student at Dartmouth!

4-21-13 Greg is in living in Key West this week out of work because the Holocaust of suppressing the Electric Windmill Car is not supported by those who vowed to never let another Holocaust happen, now the Jew's have \$177 Trillion dollars for stifling Greg in Key West

4-21-13 Last week so I wrote up Electric Windmill Car - Holocaust" + Genocide... 390 Million died for \$177 Trillion in BP Oil Revenues! From 1980 to 4-21-13.

4-21-13 Now it from 1980 to 4-21-13.

4-21-13 Dzhokhar Tsarnaev was studying medicine in a premed program at Dartmouth.

4-21-13 Key West Mafia has suppressed the Yale Key West Medical School + Hospital since March 4th 2011.

4-21-13 Revenge on these Numb Nuts City of Key West Dictators should be once the Yale Key West Medical School + Hospital is built on Eiffel Tower Structures they should have to drive the deadly highway and 7 Mile Bridge (Gas Tanker head on Crash with Mom Dad 2 Kids in the SUV) to the Jewish Hospitals in Miami!

4-21-13 Back to Dzhokhar Tsarnaev and his older brother Tamerlan. They were ethnic Chechens brothers who had lived in Dagestan, which neighbors Chechnya in southern Russia. Florida Addy, 19, of Lynn, lived on the same dormitory floor as Dzhokhar Tsarnaev last year. She said in a charming way. He usually wore a hoodie!

4-21-13 Obama just wore a Hoodie... it was not charming on Obama, who BP Oil, Exxon-Mobil set up to be arrested for oil Treason, Holocaust, Genocide as 100's of cops just in the USA have been burned and burned to death in fiery wrecks.

4-21-13 Remember 7 Mile Bridge the picture in front of the Gas Tanker on fire is a SUV with mom dad and 2 kids... Obama, the FBI + the CIA have documented all fiery wrecks since 1980... to use this at Obama's Treason Trial.

4-21-13 Addy said she just learned he had a girlfriend who did not attend UMass Dartmouth. The last time she saw him was last week when she bummed a cigarette off him, she said.

4-21-13 Two years ago, Brian Glyn Williams, a UMass Dartmouth professor of Islamic studies, helped Tsarnaev with a high school project about Chechnya.

4-21-13 Two years ago, Brian Glyn Williams, a UMass Dartmouth professor of Islamic studies, helped Tsarnaev with a high school project about Chechnya. "It's sort of sickening,"

*Williams said of the bombings.*

4-21-13 "It's sort of sickening," for the FBI + CIA "Observers" who have to document all the fiery wrecks, as "Burn Units" in Miami cost \$ Trillions, BP Oil + Exxon Mobil don't pay a cent and forgot about "Pain" not one cent of the \$177 Trillion in Oil Revenues since the invention of the ElectricWindmillCar when to pay a "Cop" or "Kid" burned in a fiery wreck.

4-21-13 CBS, ABC, NBC will show you several people pulling the driver out of a fiery wreck. That's it! He or She gets nothing from the \$177 Trillion in Oil Revenues!\$

4-21-13 The capture of the Boston Marathon bombing suspect raises a host of freighted legal issues for a society still feeling the shadow of 9/11, including ElectricWindmillCars driving around "Times Square" in front of NBC "Today Show" 10 years before 9/11.

4-21-13 9/11 would never have happened if the ElectricWindmillCar was not suppressed in 1980 by Carter, his wife Roslyn and Kennedy who bullied them! Attorney General Eric Holder. Under federal law, prosecutors must go through what is known within the Justice Department as a death penalty protocol, under which the U.S. attorney's office and Justice Department lawyers in Washington analyze all aspects of the crime.

4-21-13 Today the DA faces the Capital Crime's Death Penalty. Rome cops died too, in fiery wrecks since 1980.

4-21-13 Pope Frances faces the Penalty of Hell. Pope will tell God, he has already told God many times that the Numb Nuts Dictators World Wide bullied him into the worst Holocaust - Genocide in History!

4-21-13 Rome Cops will arrest Pope Frances just like Pakistan arrested the top General Pervez Musharraf... who has \$1 Trillion in BP Oil money in a Swiss Bank the Same Swiss Bank Hitler Kept his Jewish Money!

4-21-13 Today in Key West the Jewish Mafia, at Pirates Key and Pirates Corner stifle Greg and Wives from working on a Overnight Miracle Cure for Breast Cancer 24/7 on orders from the City of Key West Numb Nuts Dictators who follow orders from the Numb Nuts Dictators McCain, Kerry, Bush, etc.

4-21-13 FBI has the YouTube Videos of Dzhokhar Tsarnaev and his older brother Tamerlan.

4-21-13 FBI has the YouTube Videos of Greg Buell Lovestar, the link is below... Greg's YouTube Video could have prevented 9/11 and the Boston Bombs going off! FBI Failed Humanity because of Numb Nuts Dictators World Wide are alcoholics, drunk on \$177 Trillion in Oil Revenues!\$

It blocks the processing of alcohol in the body by inhibiting acetaldehyde dehydrogenase thus causing an unpleasant reaction when alcohol is consumed. Disulfiram should be used in conjunction with counseling and support. Trade names for disulfiram in different countries are Antabuse and Antabuse manufactured by Odyssey Pharmaceuticals. Disulfiram is also being studied as a treatment for cocaine dependence, as it prevents the

breakdown of dopamine (a neurotransmitter whose release is stimulated by cocaine); the excess dopamine results in increased anxiety"

 Intel not selling millions of school district's in America  
 classroom computers with Intel Xeon Extreme CPU at \$5,000 for  
 1 CPU no school districts bought any for children. Worst Auto

 uses it! All this left behind 1,001 inventions, one being the  
 Helicopter Combine to harvest 1 trillion fish, figs, and cashews!  
 This is a crime by Obama, Clinton, Kerry, Kennedy, Bush, and of  
 course Hillary! Breast Cancer Overnight Cure was lost in 1981

I sent 2 other emails to Mariel but my mouse locked up in Windows 7 and had to tab over to submit so didn't make a copy I could paste here but the just of my email was "Memory" inventing in our current Era of Oil a memory pill Rx for Total Recall. "War + Peace" its Hell just remembering the Characters I would like to write a Utopian Futuristic "War + Peace" full of innovations and of course brainstorm for 100 pages on how we can get the cure for cancer and other diseases, another 100 pages on assembly like surgery and building a better Medical School and Today Cheating if 1,610 teachers and principles cheated for decades before our Numb Nuts Dictator arrested them... why did he wait so long and why arrest them now. He has \$177 Trillion dollars so he will not miss all the \$500,000 bonus payment to 1,610 teachers for getting higher scores out of their students?

This is the message I left on Mariel Hemingway's - The WillingWay web page I hope she replies....

Roadrunner was so far ahead of the competition that it earned the #1 slot on the Top 500 supercomputer list in June 2008, November 2008, and one last time in June 2009. Today, Easter 2013 this computer has been declared obsolete and it's being taken offline. No it will not be given to Race for the Cure of Breast Cancer... Based at the US Department of Energy's Los Alamos National Laboratory in New Mexico, Roadrunner will be studied for a while and then ultimately dismantled. While the computer is still one of the 22 fastest in the world, it isn't energy-efficient enough to make the power bill worth it. Suppression of the Electric Windmill Car and H at -254 C to generate free electricity by Stupid Criminals at Los Alamos!

Roadrunner lost its world's-fastest title in November 2009 to Jaguar, another Department of Energy supercomputer combining AMD Opterons with Cray processors. Jaguar hit 1.76 petaflops to take the title, and it still exists as part of an even newer cluster called Titan.

Titan took the top spot in the November 2012 supercomputers and IBM made \$220 million.

Roadrunner is thus still capable of performing scientific work at mind-boggling speeds, but has been surpassed by competitors in terms of energy efficiency.

3-25-13 Fontainebleau, outside Paris, "Oil Men" bid on Napoleon and Josephine's Engagement Ring and it Sells for \$949,000 50 Times what the jewels are worth... ring is in an 18th century setting called "toi et moi," "You and Me," with opposing tear-shaped jewels -- a blue sapphire and a diamond. The carat weight of the two gems is little less than a carat each. It illustrates Napoleon's passion for his future Queen. Auction was also held on a unique day, celebrating the 250th anniversary of Josephine's birth. (Read Greg's 2 Birthday Cards I wrote for women). She was the rich and stylish widow of Alexandre de Beauharnais, an aristocrat who supported the French Revolution but died on the guillotine. Wedding day was March 9, 1796, but the honeymoon lasted only 36 hours. Napoleon left to lead the French army on a successful invasion of Italy. "How happy I would be if I could assist you at your undressing," the Emperor writes, "the little firm white breast, the adorable face, the hair tied up in a scarf a la creole." Surgical Mask would be effective to control the Carnival and Disney Cruise Ships outbreak of norovirus!

Surgical Mask are effective interventions to protect healthcare workers and vulnerable people, such as infants and the elderly.

Surgical Mask would be effective at Day Care Centers also...

The Centers for Disease Control recommends that persons with influenza wear surgical masks to prevent transmission to susceptible individuals. Yet, this recommendation has been supported so far by only one study of mask impact on the containment of large droplet spray during influenza infection. Maryland's study is the first to provide data showing that using a surgical mask can reduce the release of even the smallest droplets containing infectious virus. For this reason, health care facilities should put surgical masks on those suspected of having influenza, and individuals with influenza can protect

their families by wearing a mask. Study Methods Dr. Milton and his research team, including scientists from Harvard and Boston University Schools of Public Health and the University of Hong Kong, collected the exhaled breath from 38 flu patients and tested both the coarse ( $= 5 \mu\text{m}$ ) and fine ( $< 5 \mu\text{m}$ ) particles for the number of viruses using molecular methods. They found that the fine particles had 8.8 times more virus than the coarse particles (larger but still airborne droplets). They also tested the airborne droplets for "culturable" virus and found that virus was not only abundant in some cases, but infectious. However, there was a big range of how many viruses people put into the air - some were undetectable while others put out over 100,000 every 30 minutes. The researchers also tested the impact of wearing a surgical mask on the virus shedding into airborne droplets. Wearing a surgical mask significantly decreased the presence of virus in airborne droplets from exhaled breath.

*People who are diagnosed with breast cancer and then go on to consume a steady diet of high-fat dairy foods increase their chances of dying years earlier than those who consumed low- to non-fat milk products, according to a new study by Kaiser Permanente researchers. The study, published Thursday in the Journal of the National Cancer Institute, is considered the first to look at the differences in high-fat and low-fat dairy intake following a breast cancer diagnosis on long-term survival.*

*John Lennon's wife, Yoko Ono...*

*...has known about the suppression of the Electric Windmill Car for a decade. I think there will be a Hell of a argument between Yoko and John Lennon when we are all dead... as John Lennon would have exposed the suppression of the Electric Windmill Car in our Orwellian Society. John Lennon would never have let 10's of thousands of cops and kids burn and burn to death in fiery gasoline wrecks for more "Oil Money" British Oil and the rest of the Oil Kings and Queens have taken in \$177 Trillion Dollars from 1980 to 2009 while 10's of thousands burn and burn to death in Fiery LA Wrecks.*

Sandy moved out to sea... 1 Trillion Cloud to Cloud lightning rods dropped into Sandy, where... a NOAA super computer simulation would tell the pilots the best area of the spinning Hurricane to drop a trillion lightning rods, setting off 1 Trillion cloud to cloud lightning strikes to move the Hurricane out to sea... Hurricane direction and or speed could be changed by launching 1 trillion lightning rod wires into the Hurricane by Planes flying above the Hurricane, discharging of massive amounts of lightning will change a Hurricane's direction... ?

1 Trillion tons of dry ice on the other side of Sandy...? Brainstorm a way to move a Hurricane out to sea as NYC will build a sea wall not KW. Sandy the Gov. didn't even try to move Sandy from NYC, why? 1,001 Other Invention Projects on going... I would use this jobs \$ to finance my research for a Rx Penicillin like Overnight Miracle cure for breast cancer. MRI contrast agent to see all the cancer cells too, and pulse to destroy every cancer cell in your body via a pulse or electric shock... etc

Kerry + Wife have \$177 Trillion in Oil Revenues yet will not give \$1 Billion in compensation for fiery Boston car wrecks - Burns! Why Oil\$whyise \$Wise - No!
