

ball bats and BB guns.

The Key West golf course needs a driving range and Bernstein Park needs a new focus: BP could be a driving range that locals and tourists could use, plus the county could charge \$5 for buckets of balls and get some revenue."

The switch over to the waterside on North Roosevelt is delayed by cold weather? Could there be a more ridiculous excuse? The temperature never got below the high 50s. Do these guys know to the rest of the world that is warm, and work goes on without a thought?"

The continuing reference by the Commission to the mostly nude guy walking into a grocery store years ago has become Key West's bigfoot, Sasquatch and Chupacabra urban legend. I think we should suspend Fantasy Fest until we get to the bottom of this outrage. I am sure there must be photo evidence of this Yeti."

I work at night near La Te Da's and have never heard the music loud as when they have Sunday tea dance, which is from 4 to 6 p.m. on Sundays."

What's the point of having bike paths and sidewalks if people are going to ride their bikes on the street in the middle of rush-hour traffic? Every time I see this, I think about my tax dollars being wasted again."

The school board really needs to pursue the audit of HOB school. There is hundreds of thousands of dollars that are unaccounted for. Also, how can the assistant director of construction retire at the age of 48 and start buying property all over town. Capt. Ed, please follow up on this!"

The Constitution requires that 'no person except a natural born citizen' be president of the United States. Senators must be 30 years old, citizens for nine years, and live in the state when elected to represent it."

My wife and I are over 75 and live in Old Town. Taking the advice of a Citizens' Voice entrant, I am moving to Stock Island to be warehoused in an assisted living building so that I can survive the trip to the hospital if I have a heart attack. Now, where did Commissioner Tony Yaniz have that new senior city facility built? What's that — not even on the Yaniz cartoon drawing board? Cancel the movers!"

CRIME REPORT

Duval St. shoplifting spree ends in arrest, police say

CITIZEN STAFF

DePoo

A 43-year-old Key West woman was jailed over the weekend after police say she lifted \$386 worth of various items from three Duval Street shops.

Dulcinea dePoo, who listed her job as an artist, was jailed on suspicion of felony grand theft for reportedly stuffing feather earrings from Claire's, necklaces from Fresh Produce and bracelets from Chico's into her purse.

DePoo remained jailed Wednesday evening in lieu of \$15,000 bond.

"What this?" dePoo asked Officer Frank Betz when confronted at 3:20 p.m. Saturday at Claire's, 402 Duval St., an incident report stated. "I did not know it was in there."

DePoo told Officer Tiffany Beeman that a woman named "Gillian," who works at the Bare Assets strip club, is the one who was probably shoplifting, according to the report.

DePoo was also cited for trespassing at all three shops.

In Florida, \$300 worth of stolen goods is the minimum to draw a felony charge.

A shop manager called police Saturday to report dePoo, who said the woman "usually allows her to steal," but was mad at her Saturday so she called the cops, the report states.

Information in the Crime Report is obtained from reports provided by area law enforcement agencies.
