[Introduction to the Light Year Conquest Corporation](#)

My Getting gravity control will still be amazing in 3005

**Katrina by © Greg Buell 10 Sept 2005**

Underprivileged and the Electric Windmill Car  
Suppression of the masses by the Presidents Mother  
Bush's Mom said Katrina victims are "underprivileged"  
And now their better off  
Bush's Mom will be taken out and shot  
In the 4th day of the Oil Genocide Trials  
Martha Stewart will be taken out and shot  
In the 5th day of the Oil Genocide Trials  
The "underprivileged" are underprivileged via Bush  
Via Yale and Harvard  
Presidents of Yale and Harvard will be shot to death  
In the 6th day of the Oil Genocide Trials  
"underprivileged" all of then in the Katrina videos  
Would have a University degree - all of them 100%  
If the Electric Windmill Car was not suppressed in 1980  
Bush and Texas Oil men profited by \$ Trillions of dollars  
More than enough to make every University in the USA free  
Bush's Mom never wanted Yale free  
Bush's Mom will never want Yale free of tuition  
Bush's Mom infected the Generals wife and daughters

Pentagons Trillions is less than the Oil Men's Trillions  
Since 1980 and the suppression of the Electric Windmill Car  
Cops and kids burned to death in fiery car wrecks since 1980  
Pentagons casualties in Wars since 1980 is less than this  
On the 7th Day Rumsfeld will be taken out and shot  
On the 7th Day of the Oil Genocide Trials  
"underprivileged" 1 billion people maybe 3 billion people  
All would have a University degree in 2005  
If it were not for the Presidents Mother  
This is why she will be taken out and shot on the 4th Day  
Of the Oil Genocide Trials  
Presidents of Yale, Harvard, and MIT  
Will be taken out and shot too  
Imagine the true testimony of Scott killing his pregnant wife  
Now at this trial we have cops and kids burnt in gasoline  
Like the naked Vietnamese girl running down the street  
Napalmed by a different USA President  
Her parents made \$2 a day being "underprivileged"  
Testimony from Cops and Kids with burnt faces like Jason  
Will inflame the Judges and Court TV viewers  
Judge - Jury, and executioner will be one person  
1 Billion Persons watching the Oil Genocide Trials  
On Court TV  
Will drag Bush's Mom out of the trial  
And shoot her to death in a flame of passion!  
Bill Gates will also be dragged out and shot  
Learning Microsoft Excel will be free after the trial  
Oil Genocide Era burned more than a million to death  
For each \$ Trillion dollars of oil money since 1980  
This is outside the boundaries of human decency  
And social norms for anyone let alone Yale Graduates  
Yale and Harvard will be ranked differently  
After the Oil Genocide Trials  
"underprivileged" all of them in the Katrina videos  
Will have a University degree - all of them 100%  
Moms will send their kids on Light Year Flights  
To Alpha Centauri not to Iraqi for needless oil  
A Universe Bush's Mom could never envision

**1 May 2005 ----- BROWN DWARF REVEALS MAGNETIC FIELD**

*The space telescope stared at the minuscule star LP 944-20 in Fornax for 12 hours last December, looking for any evidence of a corona around the object. The star remained unchanged for 9 hours, but then there was an abrupt brightening that lasted about 2 hours.*

*Astronomers say the surge of X-rays was due to a stellar flare, not unlike the aurora-producing flares of our Sun. LP 944-20 is about 16 light-years away and estimated to be only 500 million years old.*

*NASA could be designing a new fleet of Shuttles and Space Telescopes if they would be the "Whistle Blowers" on the suppression of the Electric Windmill Car. NASA has made a misjudgment that cost 1,000's of cops and kids their lives in fiery car wrecks decades after the invention of the Electric Windmill Car. NASA's misjudgments cost "Society" dual-core Hubble Space Telescopes, a new model every year - 2005 model Space Telescope was not purchased by the Top Brass at NASA. They ignored 5 billion people on Earth and sold out to Texas Oil men - pain of burning in gasoline never enters the thoughts of NASA brass, for Shuttles or fiery car wrecks - both the top brass at NASA and the Pentagon could of prevented cops and kids burning in fiery car wrecks since 1980. The 2005 Model of the Shuttle and Space station would both have "life boats". A law passed by a non-Bush Senate in a Post Oil Genocide Era, as NASA would never in a million years put "life boats" on Shuttles and Space Stations in their current state of mind.*

*LP 944-20 is about 16 light-years away. 500 years away from Humanity because of the Top Brass. Cure for cancer and gravity control, my 2 pet invention projects are 500 years away from Humanity too, because of the Top Brass. Even the Pope knew and the New Pope knows about the Electric Windmill cars suppression and they take this to Top Secret to Judgment Day as even the Pope's fear Gen. Orwell more than they fear God. The Electric Windmill car was a Godsend suppressed by Carter, Bush, Clinton and Bush + the "Popes" Clinton spent most of his time with "sex" at the same time 1,000's burned and burnt to death in fiery car wrecks - Bush has a black mistress to take his mind off the 1,000's who burn and burn to death in fiery car wrecks.*

*I take my mind off being stifled by the Top Brass by knowing I will get the cure for cancer and gravity control when they come out from behind the hidden cameras and let me work as a Inventor. I will make up for all the lost inventions since 1980. I will not be getting any black mistresses (grin) but will get many wives for inspiration... and my wives will get many inventions. I take my mind off being stifled by the Top Brass by knowing I will get the cure for cancer and gravity control.*

*Faster than the speed of light is possible - by inventing a gravity satellite dish that sucks in gravity - sends it through a gravity engine - that propels your Shuttle faster than the speed of light by hooking up with gravities pull and using this same gravity coming in through the satellite dish for propulsion.*
