Underprivileged and the Electric Windmill Car
Suppression of the masses by the Presidents Mother
Bush's Mom said Katrina victims are "underprivileged"
And now their better off
Bush's Mom will be taken out and shot
In the 4th day of the Oil Genocide Trials
Martha Stewart will be taken out and shot
In the 5th day of the Oil Genocide Trials
The "underprivileged" are underprivileged via Bush
Via Yale and Harvard
Presidents of Yale and Harvard will be shot to death
In the 6th day of the Oil Genocide Trials
"underprivileged" all of them in the Katrina videos
Would have a University degree - all of them 100%
If the Electric Windmill Car was not suppressed in 1980
Bush and Texas Oil men profited by \$ Trillions of dollars
More than enough to make every University in the USA free
Bush's Mom never wanted Yale free
Bush's Mom will never want Yale free of tuition
Bush's Mom infected the Generals wife and daughters
Pentagons Trillions is less than the Oil Men's Trillions
Since 1980 and the suppression of the Electric Windmill Car
Cops and kids burned to death in fiery car wrecks since 1980
Pentagons casualties in Wars since 1980 is less than this
On the 7th Day Rumsfeld will be taken out and shot
On the 7th Day of the Oil Genocide Trials
"underprivileged" 1 billion people maybe 3 billion people
All would have a University degree in 2005
If it were not for the Presidents Mother
This is why she will be taken out and shot on the 4th Day
Of the Oil Genocide Trials
Presidents of Yale, Harvard, and MIT
Will be taken out and shot too
Imagine the true testimony of Scott killing his pregnant wife
Now at this trial we have cops and kids burnt in gasoline
Like the naked Vietnamese girl running down the street
Napalmed by a different USA President
Her parents made \$2 a day being "underprivileged"

Testimony from Cops and Kids with burnt faces like Jason
 Will inflame the Judges and Court TV viewers
 Judge - Jury, and executioner will be one person
 1 Billion Persons watching the Oil Genocide Trials
 On Court TV
 Will drag Bush's Mom out of the trial
 And shoot her to death in a flame of passion!
 Bill Gates will also be dragged out and shot
 Learning Microsoft Excel will be free after the trail
 Oil Genocide Era burned more than a million to death
 For each \$ Trillion dollars of oil money since 1980
 This is outside the boundaries of human decency
 And social norms for anyone let alone Yale Graduates
 Yale and Harvard will be ranked differently
 After the Oil Genocide Trials
 "underprivileged" all of them in the Katrina videos
 Will have a University degree - all of them 100%
 Moms will send their kids on Light Year Flights
 To Alpha Centauri not to Iraqi for needless oil
 A Universe Bush's Mom could never envision

(Invention of the electric windmill car in 1980 would
 have contributed \$\$\$\$ a few Trillion dollars to the Katrina
 victims we see in the videos from CBS CNN ABC NBC.

They all know this too... as they broadcast the Katrina news)
