The scene from 007 James Bond when 7 shuttles launched  
Behind the scene the "Top Brass" who ended this Era!

You do not know they did this because of oil Revenues!  
You did not know they talked about the "Electric Windmill Car."

We do have some idea what is going on  
7 Billion People among 7 Trillion Stars and Galaxies

Behind these scenes...  
Brilliant engineering of electrons and gluons ~~Photons~~

Electron Orbits and Galaxy Orbits  
I know why I use # 110 sunscreen against Photons

Photons can be absorbed by a chemical ~~for~~  
Before it hits your DNA in cell division

Rx cure for cancer cells dividing out of control  
will cost \$ 7 Trillion and as many hours

Iphone apps, no Photon Physics lectures  
7 Billion People most have no idea what photons do...  
untill the skin cancer sore appears...
